Student Service is conducting the spring 2017 Emerging Leaders Institute February 18-19, 2017. The institute will be held off campus and food, housing and transportation will be provided. The only cost to participants will be a $10 fee to cover a strengthsfinder assessment.

This is an excellent learning experience for USD students who are eager to learn about leadership skills and plan to hold leadership positions in student organizations, or who are interested in becoming more involved in campus or community activities. Designed to provide opportunities for personal growth and leadership skill development, the institute includes a full agenda of small group activities, large group activities and interactive learning activities. The program is also designed to motivate our student leaders to initiate change in their community while creating a spirit of camaraderie and teamwork among our emerging leaders. So bring your spirit to learn!

Please note: This program is limited to 30 outstanding emerging leaders, and participants will be notified on Monday, February 13 of their acceptance status.
