Dear University of South Dakota students:

It is my pleasure to send a warm welcome to you for the 2016-17 year. The beginning of a new academic year is an exciting time in higher education and this is a great time to be a Coyote. The mission for Student Services is to provide diverse educational and social opportunities as well as guidance for students to learn and develop skills to be successful in a global society. Our vision is to empower students by providing dynamic experiences that promote excellence and assist students in reaching their goals, while developing a sense of purpose, tradition and community at USD. I invite and encourage you to participate in activities and organizations available through Student Services as research demonstrates that students who are involved in their collegiate career are more likely to be successful.

Please take some time to review this Student Handbook which provides valuable information regarding safety, activities you can become engaged in and services provided. Take advantage of the opportunities that are available to you both in and out of the classroom and build as many diverse relationships as possible. Set high standards for yourself, make good choices and take time to reflect on your experiences. If you need assistance, ask for help; we are here to serve you. At USD you will find a community that is student centered and focused on student success. As the VP/Dean of Students, I am here to promote an inclusive environment that is responsive to all students and be your advocate, so please do not hesitate to contact me at DeanofStudents@usd.edu.

GENERAL INFORMATION

CLASS MANAGEMENT
Instructors are fully responsible for the operation, management and conduct of their classes within the limits of policy as determined by the faculty. The following policy was adopted by the University Senate on June 6, 1984, as amended on June 6, 2001:

Students are to receive, from the instructor, at the beginning of each course a written statement of course policy and requirements. These will include criteria for grading, attendance requirements, final examination date and student responsibilities related thereto, and any other special assignments, e.g., term paper or projects. The statement shall also include the office hours of the instructor which are regularly maintained during the academic term. A statement of course policy and requirements will be filed by each instructor with his/her department chair.

Federal agencies require the University to track students who cease to attend one or more of their classes, and failure to track them incurs institutional fiscal liability. Please be sure your attendance policies comply. The following action was taken at the March 14, 2001 University Senate meeting:

It is the policy of the University Senate that all faculty members, at a minimum, take attendance in their introductory (100-200 level) courses.

In addition to the policies approved by the University Senate, faculty must include the following statements in all course syllabi:

1. Freedom in learning. Under Board of Regents and University policy student academic performance may be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards. Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled. Students who believe that an academic evaluation reflects prejudiced or capricious consideration of student opinions or conduct unrelated to academic standards should contact the dean of the college or school that offers the class to initiate a review of the evaluation.

2. If you have a disability for which you are or may be requesting an accommodation, you are encouraged to contact both your instructor and the Director of Disability Services (199B Service Center North; 605-677-6389) as early as possible in the semester.

3. No credit can be given for a dishonest assignment. A student found to have engaged in any form of academic misconduct or dishonesty may, at the discretion of the instructor, be: Academic Misconduct
   a. Given a zero for that assignment.
   b. Allowed to rewrite and resubmit the assignment for credit.
   c. Assigned a reduced grade for the course.
   d. Dropped from the course.
   e. Failed in the course.

EMERGENCY PROCEDURE GUIDELINES
Emergency Information
Phone: 911
Phone (on campus): 9-911
USD has emergency guidelines and operating procedures in place for a wide variety of possible emergency situations. Individuals should become familiar with emergency response procedures on the emergency information website in order to have a plan and know what to do before, during and after an emergency.

The University of South Dakota has implemented a Campus Alert Notification System for students, faculty, and staff. This service allows USD to send critical weather-related and emergency alerts to your cell phone, landline, or computer. In the event of a major emergency the University’s homepage will also be updated with USD Emergency Information including the nature of the emergency and further emergency procedures. Students, faculty, and staff will receive Campus Alert registration instructions via an email to their USD email address. Once registered, notification settings can be modified by logging in to the Campus Alert System. If you have any questions about changing notification settings please contact the ITS Helpdesk (I.D. Weeks 104, 605-658-6000, HelpDesk@usd.edu).

**IDENTIFICATION CARD AND NUMBER**
Office of the Registrar
Belbas Center, 223
Phone: 605-677-5339
Email: registrar@usd.edu

Every student must have an accurate Social Security number (or assigned student identification number) before proceeding with registration. This number must be entered or verified on the USD information form. This number, unlike the student’s name, is unique; it controls the accuracy of the student’s records. Any inaccuracies in the Social Security number (or assigned student identification number) should be reported by the student to the Registrar’s Office.

In accordance with the Privacy Act of 1974, applicants for admission and enrolled students are advised that the requested disclosure of their Social Security number to the Registrar’s Office is voluntary. The applicant or student has the right to refuse disclosure of the number or request its removal from records without penalty. If this right is exercised, only the assigned student identification number will be used for record purposes throughout the duration of the student’s involvement with the University.

The Social Security or student identification number will be used: (a) to identify such records as applications for admission, registration and course enrollment documents, grade reports, transcript requests, certification requests, and permanent academic records; (b) to determine eligibility, certify school attendance, and report student status; and (c) as an identifier for grants, loans, and other financial aid programs. The student’s Social Security or student identification number will not be disclosed to individuals or agencies not associated with The University of South Dakota, except as provided for in The University of South Dakota Student Records Policy.

Disability Services is an integral part of the University of South Dakota, committed to ensuring students with disabilities shall not be discriminated against because of their disability in accordance with Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990, and Americans with Disabilities Act Amendment Act of 2008. Disability Services provides support to students with disabilities to ensure full and equal access to the educational opportunities, programs, and activities USD offers through the provision of reasonable and appropriate accommodations. Reasonable and appropriate accommodations do not fundamentally alter the nature of programs or lower academic and other essential performance standards.

A student is responsible for the accommodation process and actively participating in the process by making timely and appropriate disclosures and requests. Any delay in the process on the student’s part may result in limiting the ability of Disability Services to provide reasonable accommodations. The process includes:

- **Self-Disclose Disability and Register** – It is the student’s responsibility to identify as a person with a disability and register with Disability Services. A student may self-disclose at any time, however students are encouraged to self-disclose and register before classes begin. A student may contact Disability Services via e-mail or phone to schedule a time to meet to self-disclose, register, and begin the interactive process of requesting accommodations.
• Provide Disability Documentation – A student must provide Disability Services with documentation to support their request for accommodations. Each student and each disability is unique, therefore the type of documentation each student provides will be different. However, all documentation must be current and relevant, address the current impact of the disability, and illustrate a connection between the disability and the requested accommodation.

• Request Accommodations – Accommodation requests are approved to ensure full access to the educational opportunities, programs, and activities of USD. Accommodations ensure access by lessening or removing a barrier that may exist due to the student’s disability. A student must request accommodations that are reasonable and appropriate in a college setting.

• Actively Communicate – A student must actively and continuously communicate with Disability Services and their professors to assure the accommodations are effective. Active communication also allows for accommodations to be adjusted as needed throughout the course of the semester.

If you are a student with a disability, please contact Disability Services as soon as possible if you want to request accommodations. If you are a student and you suspect you may have a disability, contact Disability Services. Disability Services will refer you to the appropriate agency or organization for evaluations.

Student Health is not insurance, but a list of discounted rates that are offered to students through the Student Health Agreement. Students are strongly encouraged to have insurance coverage for medical expenses whether it is through a school plan or other private insurance coverage.

There are several options available to you to seek health insurance coverage in the federal health insurance marketplace or from private insurance carriers. The health insurance marketplace website has interactive tools that will assist you in finding an insurance plan that meets your coverage needs and will help you determine if your income level qualifies you for a subsidy. The state of South Dakota has three providers available in the health insurance marketplace, including: Avera Health Plans, Sanford Health Plan and DakotaCare.

For all international students, **SDBOR Policy 3.14** requires that you have credible health insurance as determined by the SD Board of Regents. You are responsible for purchasing health insurance coverage that meets BOR Policy 3.14 requirements, any federal visa requirements, and IRS regulations. The South Dakota Board of Regents has identified several health insurance plan design options for you to choose from. Acceptable plans are outlined below. You will be required to provide proof of coverage to your University representative. If you do not provide proof of insurance, you will not be able to enroll in any SD Board of Regents university. However, under limited circumstances, SDBOR may waive this requirement if a student provides adequate proof of coverage by completing the Health Insurance Waiver Request Form. The following reasons will qualify you for a waiver of the health insurance requirement:

- Embassy Sponsored Insurance – Documentation due no later than 10/1.
- Employer Sponsored (including Medical Evacuation and Repatriation)
- ISEP Exchange
- Indefinite Residence
- Provide Documentation of SD Domicile based on Visa Status (defined by BOR)
- Athletic Insurance for Primary Insurance Only.

The Office of Native Student Services is located in the Native American Cultural Center, 409 East Clark Street. Native Student Services is the retention and resource center for the American Indian student populations entering the university from diverse tribal nations throughout the United States. Native Student Services is the primary cultural, social, academic support and resources provision office for the Native American student populations.

The Native American Cultural Center (NACC) is the vital foundational base for culturally relevant, socially empowering and academically supportive programming where tribal nation students can gather and feel at home with their cultural expressions. This opportunity empowers the students to retain their sense of belonging at the university without compromising their cultural identity and incorporate tribal nation life ways of being into the university setting.

Native Student Services recognizes the majority of our tribal nation affiliated students’ transition to the university form collectivist based societies (Tiospaye/extended family systems) which necessitates NSS to provide family settings and community based collective activities in replicating a natural and cohesive life way system at the university. These proactive, relevant and vibrant retention services lead to a higher retention of our students through their academic career and toward their degree completion. Native Student Services monitors the retention activities to ensure program accountability, effectiveness and relevancy.

Services provided outside of Student Health, such as treatment in the Emergency Room or by specialists, are not covered by Student Health Services and are the financial responsibility of the student.

The medical records of patients seen at Sanford Clinic Vermillion are confidential. The student must sign a written release of information to provide medical information to health care professionals, insurance companies and others. Parents, spouses, or friends do not have access to the information contained in a student’s medical record unless the student approves. The only exception to this policy is a life-threatening situation or a court subpoena.

The Health Clinic is a primary care facility and renders basically the same services as a personal physician’s office. Hospital, Emergency Room and Outpatient care is not included in the Basic Health Services, and therefore it is recommended that each student have valid health insurance. See the Student Health Services website for complete listing of services.

Adopted March 2, 2005

ACADEMIC INTEGRITY PHILOSOPHY

Academic integrity is a fundamental concept underlying the educational enterprise of the university. As such, the idea of academic integrity must be embraced by all who are members of the university community and must be a guiding principle in all actions of the university. Academic integrity encompasses the values of honesty, trust, fairness, respect, and responsibility and is the foundation for the standards of acceptable behavior that apply to all within the university community.

To this end, the University of South Dakota seeks to embrace, promote, and maintain an atmosphere of honesty and integrity that can be summed up in the following simple statement:

We are committed to honesty, fairness, trust, respect, and taking responsibility for our actions.

The university should:

1. Promote a well-defined philosophy of academic integrity pertaining to all members of the university community and addressing the five cardinal values of honesty, trust, fairness, respect, and responsibility.
2. Promulgate clear procedures for dealing with transgression of the established policies protecting academic integrity. These procedures should be congruent with applicable laws, Board of Regents policy and existing university policy, including the Student Code of Conduct and the Academic Appeals process, so as to protect the rights of all involved. The colleges and schools within the university should be allowed latitude in establishing appropriate procedures that take into account not only the values and ideals promoted by the university but also those which are congruent with expectations of acceptable conduct in professional settings. An innate feature of the university community is an emphasis on dialogue and learning; thus, consultation and mediation should be emphasized as the primary means of resolution in instances where academic integrity has been lacking. This emphasis does not preclude stringent application of appropriate university policy when necessary. Similarly, commitment to academic integrity should enhance, not stifle, honest disagreement, debate, and differences of opinion among the members of the university community.
3. Use all appropriate avenues to disseminate and underscore the core values of academic integrity at
the university. Applicants, parents, enrolled students, visitors, faculty, staff, and administrators should be aware of the university’s philosophy and policies on academic integrity. Commitment to academic integrity should be prominent in all actions of the constituents of the university community. All students, faculty, and staff entering the university community for the first time shall be apprised of the academic integrity policies and should agree to the philosophy that underlies them. The University should take opportunities to reinforce the academic integrity philosophy at appropriate times throughout the academic year.

4. Revisit the academic integrity philosophy and policies in a timely manner.

**CLASSIFICATION OF STUDENTS FOR TUITION PURPOSES**

Credit Hour Basis of Tuition Charges
All tuition charges at the institutions of higher education under the jurisdiction of the Board of Regents will be on a credit hour basis.  

SD Board of Regents Policy 3:2, Resident and Nonresident Classification of Students

1. Classification of Students for Tuition and Fee Purposes

Students enrolling in any of the state institutions shall be classified as resident or nonresident for admission, fee, and tuition purposes by the Registrar's Office. The decision shall be based upon information furnished by the student and all other relevant information. The University is authorized to require such written documents, affidavits, verifications, or other evidence necessary to establish the residence of the student, including proof of emancipation, adoption, or appointment of a guardian. Students have the burden of establishing residency by clear and convincing evidence. Students may request a review of the original classification decision. Information on the review and appeals process is found at the end of this section.

2. Establishing Bona Fide Residence

For tuition purposes, residence means the place where a person has a permanent home, at which the person remains when not called elsewhere for labor, studies, or other special or temporary purposes, and to which the person returns at times of repose. It is the place a person has voluntarily fixed as the person's permanent habitation with intent to remain in such place for an indefinite period. A person, at any one time, has but one residence, and a residence is not lost until another is gained.

The residence of an un-emancipated person under twenty-four years of age follows that of the parents or of a legal guardian who has actual custody of the person or administers the property of the person. In the case of divorce or separation, if either parent meets the residence requirements, the person shall be considered a resident.

Students who enter the state for the predominant purpose of attending a Board institution and who are under the custody of a guardian in fact, that is, a person who has been designated in writing by the student's parents or legal guardian to serve as their attorney in fact for purposes related to the individual un-emancipated student's affairs, may file a residency petition with the Board at the time of admission.

A person shall be classified as a resident student if the person has continuously resided in South Dakota for at least twelve consecutive months immediately preceding the first scheduled day of classes of the semester or other session in which the individual registers in the regental system; except that un-emancipated students whose parents established their residence in South Dakota for reasons not predominantly related to qualifying their children for reduced tuition, may be classified as residents notwithstanding the fact that they have not resided in South Dakota for the requisite twelve months prior to the first scheduled day of classes.

If it appears that the parents of a person properly classified as a resident student under the provisions of this section have removed their residence from South Dakota, the person shall be reclassified to the status of nonresident unless the parents have been residents for the twelve months immediately preceding such removal. However, no such reclassification is effective until the beginning of a semester next following the removal.

Physical presence in South Dakota for the predominant purpose of attending an institution of higher education controlled by the Board of Regents does not count in determining the twelve month period of residence.

Absence from South Dakota to pursue post-secondary education does not deprive a person of resident student status.
A person once properly classified as a resident student shall be deemed to remain a resident student so long as remaining continuously enrolled in the regental system until the person’s degree shall have been earned.

Attendance shall be deemed “continuous” if the person has been enrolled at a school or schools in the state as a full-time student since the beginning of the period for which continuous attendance is claimed. Such person need not attend summer sessions or other such sessions beyond the normal academic year in order to render “continuous” attendance.

3. Petition for Reclassification

After twelve months continuous presence in South Dakota, students who were initially classified as nonresidents may petition for reclassification. Students who wish to begin this process should contact the Registrar’s Office (Belbas Center 223; 605-677-5339; registrar@usd.edu). The following factors shall be considered relevant in evaluating a requested change in a student’s nonresident status and in evaluating whether the person’s physical presence in South Dakota is for the predominant purpose of attending an institution of higher education controlled by the Board of Regents:

1. The residence of an un-emancipated student’s parents or guardians;
2. The situs of the source of the student’s income;
3. To whom a student pays taxes, including property taxes;
4. The state in which a student’s automobile is registered;
5. The state issuing the student’s driver’s license;
6. Where the student is registered to vote;
7. The marriage of the student to a resident of South Dakota;
8. Ownership of property in South Dakota and outside South Dakota.
9. The residence claimed by the student on loan applications, federal income tax returns, and other documents;
10. Admission to a licensed profession in South Dakota;
11. Membership in civic, community, and other organizations in South Dakota and elsewhere; and
12. The facts and documents pertaining to the person’s past and existing status as a student.

The existence of one or more of these factors does not require a finding of resident student status, nor does the nonexistence of one or more require a finding of nonresident student status. All factors shall be considered in combination, and resident student status may not result from the doing of acts which are required or routinely done by sojourners in the state or which are merely auxiliary to the fulfillment of educational purposes. The fact that a person pays taxes and votes in the state does not in itself establish residence.

Retention of Residence While in Military Service

In determining residence status for tuition purposes, it is presumed that persons in military service who list South Dakota as their “home of record” and who, immediately upon release, return to South Dakota to enter college will be classified as residents.

Changes of Classification

Change in classification from nonresident to resident shall become effective upon the next registration after the application for resident classification is approved. The application for resident classification is available in the Registrar’s Office, or online. The deadlines for submission of the residence questionnaire for each term are indicated in the annual Schedule of Classes (available online at http://www.usd.edu/registration/).

Classification Appeal Procedure
Students may formally appeal the reviewed decision (see paragraph above) to The University of South Dakota. The appeal form is available in the Registrar’s Office, or online. The appeal is then reviewed by USD’s Residency Appeals Committee.

Students may further appeal the committee’s decision to the Executive Director of the South Dakota Board of Regents. Upon receipt of an appeal, the Executive Director will request that USD forward copies of the student’s appeal file, including all documentation used in making the committee’s decision. The student’s letter must include a clearly laid out explanation of why the student disagrees with the committee’s decision. The appeal form is available in the Registrar’s Office, or online.

**COMMUNICABLE DISEASE POLICY**

The University of South Dakota is committed to providing educational resources to its students, faculty, and staff regarding communicable diseases.

No otherwise qualified individual, because of the presence of any communicable disease, will be denied admission or access to services or programs. However, the university may require restriction from specific areas if such activities would jeopardize student health and safety.

Special precautions to prevent contagious diseases from spreading may be necessary. The university will observe public health reporting requirements to local and public health authorities. Medical information regarding individuals with AIDS, AARC, or HIV antibody positive status will not be provided to any person, group, agency, insurer, etc., without the written permission from the student, provided that written permission from the student is not required for public health reporting purposes.

Safety guidelines consistent with public health recommendations will be adopted for handling blood and body fluids in the classroom setting as well as outside of the classroom.

Individuals and organizations that attempt to impose restrictions, other than those authorized by the Board of Regents, on HIV positive individuals, will be subject to disciplinary action including expulsion, or, in the case of organizations, withdrawal of recognition.

**COMPLAINTS AGAINST A DEAN OR VICE PRESIDENT**

If a complaint is made against a dean or vice president, the formal appeal procedure shall begin at the next administrative level and continue as specified herein except that each step will be conducted at a higher administrative level.

**NOTIFICATION OF RIGHTS UNDER FERPA**

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the University of South Dakota receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies
the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University of South Dakota in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the University of South Dakota who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University of South Dakota.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University of South Dakota to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

The University of South Dakota's implementation of the requirements of the Family Educational Rights & Privacy Act (FERPA), including its definition of directory information, can be found at http://www.usd.edu/policies/upload/Student-Records.pdf.

FERPA permits the disclosure of non-directory information from students’ education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student –

- To other school officials, including teachers, within the University of South Dakota whom the school has determined to have legitimate educational interests. This includes contractors, consultants,
volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))

- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))

- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U. S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university’s State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))

- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))

- To accrediting organizations to carry out their accrediting functions. (§§99.31(a)(7))

- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))

- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))

- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))

- To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school’s rules or policies with respect to the allegation made against him or her. (§99.31(a)(14))

- To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. **Guidelines for the Awareness and Prevention of Acts of Cultural Insensitivity and Bullying at USD by President’s Council on Diversity and Inclusiveness**

One of the responsibilities and expectations of University of South Dakota students is that they will participate in the creation of a positive climate at USD that welcomes, comforts and is inclusive of all students in the residence halls, classrooms, student organizations and other parts of the university. Two critical issues that lead to a negative climate for and experience of diverse students are cultural acts of insensitivity and “bullying.” Making fun of or degrading individuals and the groups to which they belong is considered an act of cultural insensitivity. Bullying is defined as unwanted, aggressive behavior that is repeated, or has the potential to be repeated, over time. Bullying is repeated, deliberate and disrespectful behavior that has the intent of hurting someone else. Teasing, making fun of, laughing at or harassing someone over time is bullying. Bullying hurts, creates a negative climate and can disrupt another student’s ability to function, sleep, concentrate and to be academically successful.

Title IX of the U.S Education Amendments of 1972 (“Title IX”), 20 U.S.C. §1681, is a Federal civil rights law that prohibits discrimination on the basis of sex in education programs and activities. HUMAN RIGHTS COMPLAINT PROCEDURES

1:18 Human Rights Complaint Procedures

IMMUNIZATION POLICY

A. Due to regulations mandated by the South Dakota State Law, South Dakota Board of Regents and
the State Health Department, ALL students whatever their classification or status must have
medically signed proof of TWO (2) properly administered immunizations OR immune titers for
Measles (Rubella), Rubella and Mumps. These are required for all new, readmitted and transferred
students of all State Institutions.

Students who fail to provide the required proof of immunization will be REFUSED REGISTRATION
and will not be able to attend classes until in compliance.

Evidence of immunization or immunity will be documented and signed by a healthcare provider or
other record keeper. Other immunization records acceptable to the South Dakota Department of
Health also may be used to document compliance with the immunization requirements. These are:

• A physicians certificate
• Immunization records forwarded by another school
• A record maintained by student or parent showing the month and year during which dose of vaccine
  as administered - signed by a health professional.

All students who meet established criteria are obliged to demonstrate immunity to measles, mumps,
and rubella. Relevant criteria – i.e., key factors which drive the need for compliance - are
delineated below:

• Age: students born on or after January 1, 1957 must comply; those born prior to this date are
  excused.
• Course schedule: students who register for two or more credit-bearing classes – and at least one course involves face-to-face contact on a weekly basis for multiple weeks – are obliged to comply. This includes participation at all campuses and centers (including University Center, Capital University Center, and West River Higher Learning Center).

Exemptions
Exemptions to the MMR requirement will be considered if there is a medical or religious contraindication.

Permanent Exemption
• A serious, chronic medical condition that contraindicates administration of vaccines on a long-term basis – Physician Statement Required.
• Affiliation with an established religion, the doctrine of which prohibits vaccinations - completion of approved University Form or submission of hard copy personal statement required. Note: state law requires validation from a parent if the student is less than 18 years of age.
• Adverse reaction to first MMR precludes administration of the second – physician statement required.

Temporary Exemption
A medical condition of short duration that contraindicates administration of vaccines; the most common application of this waiver is linked to pregnancy – Physician Statement Required.

In the event of an outbreak, students who are granted waivers and exemptions will be excluded from campus. Exclusion procedures will be determined at the point of the outbreak and will adhere to the advice of the South Dakota State Department of Health.

INCLUSIVE EXCELLENCE ABSENCE PROCESS

I. REASON FOR THIS PROCESS
The purpose of this process is to provide guidelines for the process used to notify faculty when students are unable to attend classes because of religious/spiritual observances, attendance at funerals of a family member, and absences due to hospitalization.

II. STATEMENT OF PROCESS
The University of South Dakota recognizes that course attendance is the primary responsibility of students within the campus community. Students are provided informative course syllabi at the beginning of the semester that outline expectations for students.

Furthermore, Inclusive Excellence is an official USD strategic initiative that guides our campus community through encouraging, respecting, embracing, and practicing diversity and inclusion. Within the frame of Inclusive Excellence, USD recognizes that our traditional academic calendar may not accommodate the religious/spiritual diversity of our students nor holistically capture the rich co-curricular activities and unique needs of our student body.

When necessary, make-up of course requirements missed because of religious/spiritual observances, attendance at funerals of a family member, and absences due to hospitalization shall be handled by the student in a timely manner per the requirements of the course syllabus. To request verification of an absence for religious/spiritual observances, attendance at funerals of a family member, and absences due to hospitalization, a student must submit supporting documentation to the office of the Vice President for Student Affairs / Dean of Students (VPSA/DOS) for review. The VPSA/DOS (or their designee) will review the document(s) and notify faculty.

III. DEFINITIONS
IV. PROCEDURES
This process specifically provides guidelines for absences when students are unable to attend classes because of religious/spiritual observances, attendance at funerals of a family member, and absences due to hospitalization. Absences due to minor illnesses (e.g. colds and flues) should be communicated directly by the student to their faculty member(s).

To request verification of an absence for religious/spiritual observances, attendance at funerals of a family member, and absences due to hospitalization, a student must submit supporting documentation to the Office of the Vice President for Student Affairs / Dean of Students (or their designee) for review. As obligations for religious/spiritual observations are known in advance, to the extent possible, students should provide notification the Office of the VPSA/DOS as soon as possible. As absences for religious/spiritual observations are anticipated, faculty members may request academic obligations be completed in advance of student absences.

Instructors are requested to allow for the fulfillment of missed course obligations in a timely manner when a student is absent because of participation in religious/spiritual observances, attendance at funerals of family members, and absences due to hospitalization. To ensure academic quality and course rigor, excessive absences may necessitate the student withdraw or receive an incomplete grade in the course.

INFORMATION POLICY
Privacy Rights - FERPA
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access.

A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
(3) The right to provide written consent before the University discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

The University discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

The University of South Dakota and any of the colleges or schools of The University of South Dakota may disclose any items of directory information without prior written consent, unless notified by the student in writing to the contrary by the 10th day of classes of the first semester in which the student is enrolled, or by the 10th day of classes of any subsequent fall semester during which the student is enrolled. Nondisclosure stipulations remain in effect until removed in writing by the student, even if the student has withdrawn or graduated. A request form to prevent disclosure of directory information is available in the Office of the Registrar or online.

**MISSING STUDENT POLICY**

1. Reporting a Student as Missing

   A. Any person may report a university student as missing by filing a report with the university’s chief student affairs officer or at the university’s campus security office. It is not necessary to wait until the student has been missing for twenty-four hours before making a report.
B. For purposes of this policy, a student is missing when the student’s whereabouts are unknown and unexplained for a period of time that would be regarded as highly unusual or suspicious by persons familiar with the student’s plans, habits or routines.

**PARENTAL NOTIFICATION OF DRUG/ALCOHOL POLICY VIOLATION**

**SD Board of Regents Policy, 3:4. Student Code of Conduct – Student Conduct Process - Sanctions**

The Family Educational Rights and Privacy Act (FERPA) permits colleges and universities to inform parents of drug and alcohol policy violations committed by their students who are under the age of twenty-one at the time of the violation. University of South Dakota (USD) personnel understand that parents are partners in responding to issues of substance use or abuse. Thus, it is USD policy to notify parents or guardians of their student’s alcohol and/or other drug policy violation when, in addition to the FERPA conditions, the violation occurred as follows:

1. The student has committed a second violation of the South Dakota Board of Regents (BOR) Alcohol/Drug Policy, the violation resulted in at minimum an imposition of disciplinary probation, and that the violation was (a) committed while on property owned or controlled by USD or any other BOR institution; or (b) committed during travel sponsored by a department, college, or recognized student organization of USD or any other BOR institution; or (c) committed while attending an event sponsored by a USD department, college, or recognized student organization or that of any other BOR institution;

2. Violation of the South Dakota Board of Regents Alcohol/Drug Policy by the student while enrolled at another institution under the control of the BOR shall be considered a violation under this policy.

3. The Dean of Students or the Dean’s designee will determine, in each instance, whether parental notification will be made. In the event the Dean determines that parental notification is appropriate, notification of a parent or guardian shall be made in writing and mailed to the parent or guardian at the address on record. Students whose parents will be notified consequent to a conduct process may view a template of the notification letter in the Office of Student Rights & Responsibilities.

4. Records of parental notification under this policy will be maintained in the Office of the Dean of Students or as otherwise designated.

5. In addition to the foregoing, USD policy provides for parental notification of drug or alcohol violation or misuse without prior notice to the student in circumstances where action has been or will be taken to protect the safety of the student or other individuals.

**PEST CONTROL POLICY**

University Housing is committed to an effective and efficient response to reports of pests in our housing facilities. Our pest control measures include regular inspections and housekeeping controls and material treatments as needed. The materials and processes used to treat rooms and apartments are carefully selected to be safe and effective.

are either a current or prospective student or employee at the University of South Dakota and that you want to review the listing for this institution. The law enforcement personnel will respond by directing you to the correct information.

**SEXUAL ASSAULT POLICY**

In accordance with federal and state laws and the policies of the South Dakota Board of Regents, the University of South Dakota takes an active role in addressing sexual misconduct both on and off campus. This approach includes but is not limited to: the offering of effective programming designed to help prevent sexual assault, the prompt and efficient investigation of all reported incidents, and the providing of resources and services as well as any other reasonable assistance requested under Title IX.

At USD, the University Title IX Coordinator serves as the point of contact for those seeking information or those wanting to report violations of human rights, acts of discrimination/harassment, sexual harassment, sexual violence, domestic violence, dating violence, stalking and any other forms of sexual misconduct. 1:17 Sexual Harassment  
1:17.1 Prevention of Sexual Assault  
1:18 Human Rights Complaint Procedures

The University of South Dakota is concerned with the personal safety of students, faculty, and staff, as well as aiding a person’s ability to be responsible for his or her own safety. This mission is carried out by providing awareness of and educational opportunities about sexual assault, including rape, acquaintance rape, and other forcible and non-forcible sexual offenses. Good bystander behavior training is also offered. Several departments assist in this programming, including VP/Dean of Students, USD Department of Public Safety, the Director of Equal Opportunity & Chief Title IX Officer, University Housing, USD Greek Life and the Student Counseling Center.

The University educates the student community about sexual assaults and date rape through residence hall and student services programming each fall and throughout the academic year. All students are required to complete an online training program. The University Police Department offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction, and University response is available through the Student Counseling Center.

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University Police Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to the University Police and/or the Title IX Coordinator. Filing a police report with a University officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a police report will:
› ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;

› provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);

› assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the University Title IX Coordinator, or only the latter. A University representative from the Police Department or the Title IX Coordinator will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available from the University through the Student Health Center, Employee Assistance, and the Counseling Center. Counseling and support services outside the University system can be obtained through the Domestic Violence Safe Options services and Sanford Medical Center.

University disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the Student Handbook. The Handbook provides, in part, that the respondent and the complainant will each be allowed to choose two advisors to accompany them throughout the process. Both the complainant and respondent will be informed of the outcome of the investigation as well as the informal and/or formal disciplinary process.

A student violating the Board of Regents Harassment/Including Sexual Harassment policy could be subject to both criminal prosecution by the State of South Dakota as well as the imposed sanctions of the University disciplinary process which may include either suspension or expulsion for a first offense.

SMOKE-FREE ZONE POLICY

SD Board of Regents Policy 4:29, Smoking

This policy has been established to protect and promote the health and well-being of employees, students, and visitors. Tobacco use is the single largest cause of preventable, premature death in the U.S. Secondhand smoke is the third leading cause of preventable death. The University of South Dakota has an obligation to its employees, its students, and the public to take action known to protect peoples’ health. The use of tobacco products by employees or visitors compromises the mission of USD to provide a safe and healthy place to conduct business. The policy set forth below is effective 06-01-08 for USD.
At USD, smoking is not allowed in any building and within 25 feet of entrances, exits, and windows for any building or at any other location where others would be required to walk through secondhand smoke to enter a building.

Sign Requirements

Signs stating the policy will be clearly posted on the property, at all entrances, and other prominent places. Ashtrays, collection receptacles for tobacco trash, and the smoke-free zones will be indicated and/or marked.

Compliance

Enforcement of this policy is the shared responsibility of all University of South Dakota personnel. All employees are authorized and encouraged to communicate this policy with courtesy, respect, and diplomacy, especially with regard to visitors. Violations of the policy may result in corrective and/or disciplinary action and should be reported to the supervisor, USD Human Resources or the office of the Dean of Students. Students may be referred to the conduct system.

Incidents of smoking in a non-smoking zone are to be documented for supervisor/dean follow-up, as well as evaluated for trends and patterns of noncompliance.

Tobacco Cessation Opportunities

USD encourages all employees and students who use tobacco to quit. The Healthy South Dakota web site http://www.healthysd.gov/QuitTobacco.html offers cessation benefits/assistance for employees and students who want to quit smoking or chewing tobacco. Tobacco cessation information is also available from the South Dakota QuitLine’s toll-free number 1-866-737-8487.

Faculty will immediately notify their respective department offices in the event they are unable to make class. Students seeking individual class cancellation information should contact the faculty member or the faculty member’s department.
In the event staff are unable to travel to campus due to weather conditions, Board of Regents policy allows the taking of annual leave, accrued comp time, leave without pay, or staff may adjust their work week with the approval of their supervisor.
