**ASSIGNMENTS**
**Participation/Attendance:**
This course is based on reading and understanding the covered material. There will be an internet-mediated component in the form of postings and counter postings. Postings are expected by Wednesday at 11:59 p.m. each week that a reading assignment is listed. Counter postings are expected that same week by Friday, at 11:59 p.m. There will be two 10 question tests on the covered readings, one administered online at mid-term and another one administered online prior to the end of the course.

**D2L Platform**
This is a course that involves online interaction via D2L. If you are new to D2L you may find instruction as to how the system operates at this link https://portal.usd.edu/portalpages/student-support/loader.cfm?csModule=security/getfile&PageID=15468. You should follow the steps provided in this guide. Please spend a few minutes navigating the site so that you know how to use it. If you have any difficulties accessing the site, please contact the Helpdesk (helpdesk@usd.edu) as soon as possible.

**How the Course Works**
This is fundamentally a reading course and participants are expected to master a good deal of material each week. Students should read the assigned chapters (Gilbert) by Wednesday of each week and post a **minimum of 500 words** on the week’s D2L discussion board; this posting will be worth 3.5 points and should include:

1. Post an answer to the instructors weekly question as directed
2. Outline the readings using the following steps:
   a. the central tenants of the reading
   b. why it is important
   c. relate this reading to a real case scenario as directed by the instructor

Between Wednesday and Friday night, students should read all class responses and substantively respond to at least ONE post and critique with a **minimum of 200 words**. The
Online Response Postings are worth 1.5 point each and are graded according to your ability to effectively contribute to the discussion. An effective posting will contain terms and concepts from the course that relate to the discussion. This is your opportunity to show me you understand and are able to apply the new information you are learning. Please use appropriate “netiquette”- general netiquette guidelines can be found in the CE online Orientation at: http://www.usd.edu/continuing-and-distance-education/upload/Online-Orientation-Guide.pdf

Discussion grades and feedback will initially be provided to the student within 24 hours of the due date of the assignment if not sooner. As the course progresses I may open up additional discussion boards to enhance thoughtful discussion of the covered topics. I may also produce PowerPoint and video lectures on related topics. Eventually I may post Collaborate or Skype availability hours so that I may more accessible for feedback.

Class participation points will be allocated based on:
1. Timeliness of posting, posts will be required by deadline to receive points. 1 pts
2. Substantive mastery of material as reflected in comments. 2 pts
3. Clarity of theme, arguments and evidence in postings. 2 pts
