

# South Dakota KIDS COUNT

If you are unable to read this please [click here](#).

## Data & Information

**NEW** [KIDS COUNT Data Center](#) is the place to get all the information you are looking for about the kids and families living in South Dakota. The Data Center now includes the information formerly in the Community Level Information on Kids (CLIKS) site and has data for states, cities, counties and school districts.

Access [Data by State](#) (Formerly CLIKS: county, city, community-level information on kids).

Access [Data Across States](#) (such as the National data book, The Right Start for America's Newborns).

Volume 5, Issue 2  
Spring 2009

**Featured Data Site:**  
[Kaiser Family Foundation, State Health Facts](#)

Statehealthfacts.org is designed to provide free, up-to-date, and easy-to-use health data on all 50 states. Statehealthfacts.org provides data on more than 500 health topics.

The Henry J. Kaiser Family Foundation is a non-profit, private operating foundation focusing on the major health care issues facing the nation. The Foundation is an independent voice and source of facts and analysis for policy-makers, the media, the health care community, and the general public.

The Foundation is not associated with Kaiser Permanente or Kaiser Industries.

### [Americans at Risk: One in Three Uninsured](#)

*Families USA* provides a closer look at the number of Americans without health insurance and discusses the major underlying reasons for the growth in the number of uninsured. [South Dakota](#) data showed approximately 184,000 South Dakotans—27.3 percent of residents under age 65—were uninsured at some point of time during 2007-2008.

### [Teen Births: Examining the Recent Increase](#)

This research brief from *Child Trends* explores whether the data showing an increase in teens giving birth reflects a short-term blip or a true reversal in the decline in the U.S. teen birth rate.

### [The American Recovery and Reinvestment Act \(ARRA\) in Indian Country](#)

A new online resource explains how the stimulus funds will be dispersed to Indian Country, which projects are eligible, and how tribal governments can apply.

### [SNAPS](#)

SNAPS provides local-level community profile information nationwide. It can be browsed by county and state and searched by zip code. SNAPS serves as a valuable tool when responding to public health emergency events at the state, Tribal, and local levels. It provides a "snap shot" of key variables for consideration in guiding and tailoring health education and communication efforts to ensure diverse audiences receive critical public health messages that are accessible, understandable, and timely.
