PROGRAM DESCRIPTION

The Summer University Program of The Indian University of North America, a partnership between Crazy Horse Memorial Foundation and the University of South Dakota, will begin Saturday, June 9 and end on Wednesday, August 8, 2012. The program offers the same University courses that are offered on the main campus. Students should possess the maturity to participate in a University program. The program has four purposes:

- 1) to prepare accepted students for the rigors of college by offering college preparatory courses for students who need them,
- 2) to provide accepted students freshman-level university courses which will transfer to any regionally accredited college or university, students complete one semester of college during the summer,
- 3) to extend accepted students paid working internships at the Memorial's visitor complex, and
- 4) to further fulfill the mission of the Crazy Horse Memorial Foundation.

The summer program is based on sound educational principles celebrating the spirit of Crazy Horse and the Ziolkowski family. The curriculum will embrace Crazy Horse as a warrior, his perseverance, and leadership. Every course and the learning objectives of the internship will showcase these basic tenets as well as the mission of the Crazy Horse Memorial Foundation.
