Dear University of South Dakota students,

It is my pleasure to send a warm welcome to you for the 2022-23 year. The beginning of a new academic year is an exciting time in higher education and this is a great time to be a Coyote! Please take some time to review this Student Handbook which provides valuable information regarding your safety, activities you can become engaged in and services provided.

Student Services supports the university mission by promoting student engagement to develop skills through educational and social opportunities to contribute within a global society. We empower students by providing dynamic experiences that foster excellence and assist students in reaching their goals, while developing a sense of purpose, tradition and community at USD. We believe student health is of the utmost importance, and we provide resources to promote well-being.

I invite and encourage you to participate in varied activities and organizations available through Student Services as research demonstrates that students who are involved in their collegiate career are more likely to be successful. Set high standards for yourself, make good choices and take time to reflect on your experiences. If you need assistance, ask for help; we are here to serve you. At USD you will find a community that is student centered and focused on student success. As the VP/Dean of Students, I am here to promote an environment that is responsive to all students and be your advocate, so please do not hesitate to contact me at DeanofStudents@usd.edu.

Best wishes for a great academic year.

Go Yotes!

Dr. Kim Grieve, Ph.D.

Vice President and Dean of Students
Welcome home, Yotes!

It is my greatest pleasure to welcome you to the Coyote family and I extend to you my warmest greetings. Becoming a coyote is a lifelong commitment to becoming the greatest version of yourself and I wish that for you during your time here in Vermillion. Don’t be afraid to challenge yourself and try something new while here on campus. USD has multiple premier professors in their respective fields, and they’re all here to help you succeed in your major, minor, career, and life. Be sure to build relationships with the staff and utilize the resources offered to students!

This handbook is a small insight into the many opportunities that USD has to offer each and every one of you, as well as policies and procedures that will impact your day-to-day life here. Take some time to look it over and see all that USD has to offer.

Although you are here for an education, it is essential to seize opportunities outside of the classroom and I can’t think of a better place than USD to do so. Between the many study abroad programs, research opportunities, Sorority & Fraternity Life, the 185 student organizations, and many more opportunities, you’re sure to find or create something that suits your interests. To top it all off, athletic events are a great way to have some fun with your friends while cheering on our fellow Coyotes!

Every student that comes to USD makes an impact on the Coyote legacy and each student brings a new perspective. USD is a community you’ll never forget and a home that will always be in your heart. As your Student Body President, it is my job to be a valuable resource to you. As the governing body of the students, SGA is here to serve you as best we can, and in order to do that successfully, we need to hear from all of you. Don’t hesitate to contact me at sga@coyotes.usd.edu or stop by our office across from the Charlie’s Bookstore and Fan Shop in the MUC anytime between 10am and 5pm

The legacy of USD is a positive and progressive one, which becomes richer and prouder with each passing year. In the last 158 years, we’ve seen that legacy strengthen with each entering and graduating class, making USD the distinguished flagship university of South Dakota and a premier institution for the next generation of leaders, influencers, and thinkers to gather and collaborate. It is my hope that you will continue to help grow and develop the legacy in the years to come. You are now a representative of USD - make us proud. Welcome to the Coyote Legacy!

Go Yotes!

Caleb J. Weiland, President

USD Student Government Association
General Information

COVID-19

COVID-19 is still with us, although at vastly lower numbers than in the past. We no longer consider it to be an epidemic. Nonetheless, we do expect all of our students to exercise common sense, and act in the best interests of their fellow Yotes. If you have symptoms of any infectious disease (a cold, the flu, or even COVID-19) be a responsible person and stay home. Please don’t spread any disease! Contact the deanofstudents@usd.edu and explain your situation in order for us to notify your professors of your absence. If you suspect you are ill with COVID-19 we ask you to either conduct a self-test (free kits are available at the MUC Info Desk) or call Student Health at 605-677-3700 for advice. If you use a self-test and test positive for COVID-19, please notify deanofstudents@usd.edu to initiate your excused absence. Please follow CDC Guidelines for isolation and quarantine. If you have questions, please direct them to covid19@usd.edu.

Class Management

Instructors are fully responsible for the operation, management, and conduct of their classes within the limits of policy as determined by the faculty. The following policy was adopted by the University Senate on June 6, 1984, as amended on June 6, 2001:

Students are to receive, from the instructor, at the beginning of each course a written statement of course policy and requirements. These will include criteria for grading, attendance requirements, final examination date and student responsibilities related thereto, and any other special assignments, e.g., term paper or projects. The statement shall also include the office hours of the instructor which are regularly maintained during the academic term. A statement of course policy and requirements will be filed by each instructor with his/her department chair.

Federal agencies require the University to track students who cease to attend one or more of their classes, and failure to track them incurs institutional fiscal liability. Please be sure your attendance policies comply. The following action was taken at the March 14, 2001 University Senate meeting:

It is the policy of the University Senate that all faculty members, at a minimum, take attendance in their introductory (100-200 level) courses.

In addition to the policies approved by the University Senate, faculty must include the following statements in all course syllabi:

Academic Integrity
No credit can be given for a dishonest assignment. A student found to have engaged in any form of academic dishonesty may, at the discretion of the instructor, be:

a. Given a zero for that assignment.
b. Allowed to rewrite and resubmit the assignment for credit.
c. Assigned a reduced grade for the course.
d. Dropped from the course.
e. Failed in the course.

Freedom in Learning
Under Board of Regents and University policy, student academic performance may be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.
Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled. Students who believe that an academic evaluation reflects prejudiced or capricious consideration of student opinions or conduct unrelated to academic standards should contact the dean of the college or school that offers the class to initiate a review of the evaluation.

**Disability Accommodation**

The University of South Dakota strives to ensure that physical resources, as well as information and communication technologies, are reasonably accessible to users in order to provide equal access to all. Any student who feels s/he may need academic accommodations or access accommodations based on the impact of a documented disability should contact and register with Disability Services during the first week of class or as soon as possible after the diagnosis of a disability. Disability Services is the official office to assist students through the process of disability verification and coordination of appropriate and reasonable accommodations. Students currently registered with Disability Services must obtain a new accommodation memo each semester.

Please note: If your home institution is not the University of South Dakota but one of the other South Dakota Board of Regents institutions (e.g., SDSU, SDSMT, BHSU, NSU, DSU), you should work with the disability services coordinator at your home institution.

**Emergency Procedure Guidelines**

**Emergency Information**  
Phone: 911  
USD has emergency guidelines and operating procedures in place for a wide variety of possible emergency situations. Individuals should become familiar with emergency response procedures on the emergency information website in order to have a plan and know what to do before, during, and after an emergency.

The University of South Dakota has implemented a [Campus Alert Notification System](http://www.usd.edu) for students, faculty, and staff. This service allows USD to send critical weather-related and emergency alerts to your cell phone, landline, or computer. Students are also encouraged to download the [USD Safe App](http://www.usd.edu) on their personal cellular devices. Notifications may also be received via the USD Safe App in the event of a major emergency. In the event of a major emergency, the University’s homepage will also be updated with USD Emergency Information including the nature of the emergency and further emergency procedures. Students, faculty, and staff will receive Campus Alert registration instructions via an email to their USD email address. Once registered, notification settings can be modified by logging in to the [Campus Alert System](http://www.usd.edu). If you have any questions about changing notification settings please contact the ITS Helpdesk (I.D. Weeks 104, 605-658-6000, servicedesk@usd.edu).

**Identification Number**

Office of the Registrar  
Belbas Center, 223  
Phone: 605-658-3880  
Email: registrar@usd.edu
Every student must have an accurate Social Security number (or assigned student identification number) before proceeding with registration. This number must be entered or verified on the USD information form. This number, unlike the student's name, is unique; it controls the accuracy of the student’s records. Any inaccuracies in the Social Security number (or assigned student identification number) should be reported by the student to the Registrar's Office.

In accordance with the Privacy Act of 1974, applicants for admission and enrolled students are advised that the requested disclosure of their Social Security number to the Registrar's Office is voluntary. The applicant or student has the right to refuse disclosure of the number or request its removal from records without penalty. If this right is exercised, only the assigned student identification number will be used for record purposes throughout the duration of the student’s involvement with the University.

The Social Security or student identification number will be used: (a) to identify such records as applications for admission, registration and course enrollment documents, grade reports, transcript requests, certification requests, and permanent academic records; (b) to determine eligibility, certify school attendance, and report student status; and (c) as an identifier for grants, loans, and other financial aid programs. The student's Social Security or student identification number will not be disclosed to individuals or agencies not associated with The University of South Dakota, except as provided for in The University of South Dakota Student Records Policy.

**Instructor-Initiated Drops**

Office of the Registrar  
Belbas Center, 223  
Phone: 605-658-3880  
Email: registrar@usd.edu

The instructor of a course may drop a student for non-attendance or non-participation, provided the student is in violation of the official attendance or participation policy for the course. Instructor-initiated drops are at the instructor's discretion, but they must be submitted to the Registrar's Office. The grade assignment procedures are in accordance with the policies for student-initiated drops. A course cannot be dropped after it has been 70% completed. This date is published for each term in the Academic Calendar.

**Transcripts**

Office of the Registrar  
Belbas Center, 223  
Phone: 605-658-3880  
Email: registrar@usd.edu

Official transcripts must contain the seal of the University and the facsimile signature of the University registrar. Students may request an official transcript from the Registrar's Office by submitting a signed written request using the Online Transcript Request. Students may obtain an unofficial course listing at any time via Self-Service.

Co-curricular transcripts, housed on the USD Involved platform, allow students to document their campus leadership and student organization involvement during their collegiate career and create a comprehensive co-curricular snapshot. Within co-curricular transcript paths, a student can choose learning experiences and programming offered in the areas of inclusive excellence, personal development, leadership development and civic engagement; focused on skills development to meet employer expectations and life experiences to deepen their global perspective.

- influence institutional policies to promote and reward excellent teaching and learning.

To further this mission, the Center offers a wide range of programs and services, including professional support for faculty members who desire to integrate mobile technology into the classroom. The Center trains all faculty members who are teaching online courses and provides technology training to all staff.

The Center is the administrative home of the Technology Fellowship Program—a special paid opportunity for South Dakota resident undergraduate students to develop professional-level skills in the design and implementation of information technology for instructional purposes. Tech Fellows are distributed across campus to assist in this endeavor, and, in addition, there is a cohort assigned to the Center to assist faculty members with short-term projects. The program is designed to help students learn and apply new technology skills while assisting faculty members to use more technology in their classroom teaching.

First Day Access (inclusive access) course materials are e-Materials (e-Texts, workbooks, simulations, etc.) that are available electronically in the student’s Desire2Learn (D2L) library or online bookstore account eLibrary by the first day of class. The course material is listed in the online bookstore but the student is not billed through the bookstore. The cost of the material is applied directly to the student’s university bills as a separate line-item charge, along with tuition and fees. An opt-out option is available through the student’s online bookstore account eLibrary.

USD offers qualifying students a $500 Book Advance. If you are eligible, the Book Advance will automatically show as a payment option in your USD online bookstore account upon checkout. The amount used will be added directly to your university bill as a line-item charge identified as “Akademos Book Advance Charge”. 17
The amount charged to your student account needs to be paid when tuition and fees are due. Due date is typically within the first 10 days of the semester. Once online statements are posted to SDePay, the statement will show the semester due date. If available and authorized, financial aid may be used to repay. If you are enrolled in a SDePay Payment Plan, the amount used will be collected according to your plan terms. Late fees and a hold will be applied to your account if book charges are not paid by the due date. The amount charged to your student account can be paid online through SDePay, by mailing a check or in person at the Business Office (cash or check). Refer to the billing and payment website for more details.

Aside from textbooks, we have the largest and best selection of USD gifts, Coyote apparel and a great selection of school supplies. We work in partnership with our faculty members to ensure that we have required course supplies and lab materials for our students as well.

We welcome students, faculty, staff, families and guests to come visit one of our Charlie's locations or our website for access to the online bookstore and shop for school spirit items. All purchases at Charlie's help support USD student scholarships.

Disability Services
Commons, 116
Phone: 605-658-3745
FAX: 605-677-3172
Email: DisabilityServices@usd.edu

Mission Statement: Disability Services’ mission is to provide students with disabilities accommodations and resources to ensure full access to and inclusion in all programs and services of the University of South Dakota.
Disability Services’ purpose is to ensure, for students, University of South Dakota compliance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act Amendment Act (ADAAA) of 2009, and other applicable federal and state laws, and provide disability expertise to the campus.

Disability Services recognizes that disability is an aspect of diversity and embraces the University of South Dakota institutional values of diversity and inclusiveness, encouraging both by promoting education and awareness of disability and learning differences as essential pieces of a diverse cultural experience.

Disability Services endeavors – through collaboration, education, technical assistance, and collegiality – to assist the University of South Dakota administration, faculty, staff, and students in creating a universally accessible and inclusive campus for all people.

Disability Services is an integral part of the University of South Dakota, committed to ensuring students with disabilities experience an accessible campus. Disability Services provides support to students with disabilities to ensure full and equal access to the educational opportunities, programs, and activities USD offers through the provision of reasonable and appropriate accommodations. Reasonable and appropriate accommodations do not fundamentally alter the nature of programs or lower academic and other essential performance standards.

A student is responsible for actively participating in the accommodation process by making timely and appropriate disclosures and requests. Any delay in the process on the student's part may result in limiting the ability of Disability Services to provide reasonable accommodations. The process includes:

- **Self-Disclose Disability and Register** – It is the student's responsibility to identify as a person with a disability and register with Disability Services. A student may self-disclose at any time; however, students are encouraged to self-disclose and register before classes begin. A student may contact Disability Services via e-mail or phone to schedule a time to meet to self-disclose, register, and begin the interactive process of requesting accommodations.
- **Provide Disability Documentation** – A student must provide Disability Services with documentation to support their request for accommodations. Each student and each disability are unique; therefore, the type of documentation each student provides will be different. However, all documentation must be current and relevant, address the current impact of the disability, and illustrate a connection between the disability and the requested accommodation.
- **Request Accommodations** – Accommodation requests are approved to assure full access to the educational opportunities, programs, and activities of USD. Accommodations assure access by lessening or removing a barrier that may exist due to the student's disability. A student must request accommodations that are reasonable and appropriate in a college setting.
- **Actively Communicate** – A student must actively and continuously communicate with Disability Services and faculty to ensure the accommodations are effective. Active communication also allows for accommodations to be adjusted as needed throughout the course of the semester.

If you are a student with a disability, please contact Disability Services as soon as possible if you want to request accommodations. If you are a student and you suspect you may have a disability, contact Disability Services to discuss evaluation options via campus and community resources.

**Health Insurance**
Student Health Services
20 S Plum Street
Phone: 605-677-3630
Email: USD.Immunizations@sanfordhealth.org

Student Health is not insurance, but a list of discounted rates that are offered to students through the Student Health Agreement. Students are strongly encouraged to have insurance coverage for medical expenses whether it is through a school plan or other private insurance coverage.

There are several options available to you to seek health insurance coverage in the federal health insurance marketplace or from private insurance carriers. The [health insurance marketplace website](https://healthcare.gov) has interactive tools that will assist you in finding an insurance plan that meets your coverage needs and will help you determine if your income level qualifies you for a subsidy. The state of South Dakota has three providers available in the health insurance marketplace, including: Avera Health Plans, Sanford Health Plan and DakotaCare.

For all international students, [SDBOR Policy 3.14](https://www.usd.edu/academics/registration/registration-rule-guide.html) requires that you have credible health insurance as determined by the SD Board of Regents. You are responsible for purchasing health insurance coverage that meets BOR Policy 3.14 requirements, any federal visa requirements, and IRS regulations.

The South Dakota Board of Regents has identified several health insurance options that are acceptable under BOR policy. They are listed below. You will be required to provide proof of coverage to the International Office by the add/drop date of each academic term. If you do not provide proof of insurance, you will not be able to enroll at USD or at any SD Board of Regents university.
The default health insurance plan for international students at SD Board of Regents schools is provided by GeoBlue. For more information, visit https://myhealth.sdbor.edu/internationalstudent/index.cfm.

All international students are required to purchase a GeoBlue plan as detailed above. Under limited circumstances, this requirement may be waived if a student provides adequate proof of coverage by completing the Health Insurance Waiver Request Form. The following reasons will qualify you for a waiver of the health insurance requirement:

- Sponsored Student Insurance (Embassy, Government, NGO, etc. Does NOT include family-sponsored insurance.)
- Employer Sponsored Insurance (including Medical Evacuation and Repatriation) for Employees or Dependents
- Athletic Insurance for Primary Insurance Only
- Indefinite Residence (ability to establish domicile in South Dakota)
  - Provide Documentation of SD Domicile based on Visa/Immigration Status (defined by BOR)
  - F and J visa holders are not eligible
- ACA Compliant Plan
- ISEP or other official Exchange Program
- Home Country Coverage that Meets SDBOR Minimum Coverage Requirements (detailed on Form B) and is Valid in the United States
  - Students must first check with their international office to determine if the insurance mandated by their home government is eligible for a waiver.

Proof of coverage is required by the add/drop date, as specified by the academic calendar and should be provided to the International Office. If you do not provide proof of coverage you will be withdrawn from enrollment at your university or have the highest premium plan added to your student bill. For any questions on the above, please email isso@usd.edu or call 605-658-6255.

Scholarship Acceptance and Terms
Acceptance of an individual student aid award is an agreement to the terms and conditions of that award as well as all policies governing USD scholarships. It also permits USD and the USD Foundation to release basic information (name, year in school, hometown, major, etc.) to donors, media, educational affiliates, and for use in University communications.

Every student's financial award package (scholarships, gift and need-based assistance) is subject to audit with the final determination to be made by the USD Financial Aid Office in compliance with federal aid regulations. A student's USD funds may not exceed in-state direct costs (tuition, fees, room and board). If the student also receives non-USD funds (including all forms of federal, state and external assistance), the total of all funds cannot exceed the total direct and indirect costs of education. Indirect costs include allowances for personal expenses and transportation.

- USD reserves the right to adjust individual scholarship awards after a student has accepted them to ensure effective use of federal, state and university dollars.
- Full-time fall and spring enrollment (or program equivalency) on the Vermillion campus is required for all USD scholarship recipients, unless otherwise stipulated by USD Foundation donor preferences.
- Renewable awards are contingent upon maintaining a minimum grade point average, completion of donor appreciation letters if requested, and meeting all other conditions of the renewal criteria as specified in the award notification.
- Scholarships may not be prepaid, such as early graduation, or accessed prior to the semester(s) indicated in the award notification.
- Priority consideration for scholarship recipients will be given to those who complete online academic scholarship applications.
- Students wishing to appeal or petition USD scholarship criteria or renewal should complete the Scholarship Appeal Process in Coyote One Stop.

The large number of organizations allows students to connect with a group of peers with similar interests. When coupled with the dedication of its student members, the campus culture is greatly enriched. Student organizations have a real and profound effect on the University and the outside world through their vision, goals and accomplishments. Further information may be found on the USD Involved webpage.
Students interested in journalism and marketing can gain valuable experience, become eligible for additional scholarships, and have fun working at *The Volante*, USD's student-run newspaper. Staff positions are open to all qualified USD students regardless of their major or career plans. What is required is curiosity, an interest in campus affairs, integrity and a strong command of the language. Around 20 students work together on the news staff as reporters, photographers, graphic artists and editors. Other Volante positions offer experience in advertising marketing and circulation. All positions are eligible for limited academic credit. Together, the news and marketing staffs publish *The Volante* every Wednesday, except during holiday weeks, final exam periods and the summer, and on volanteonline.com on an ongoing basis.

The Honors Program offers both a curriculum and a community. Students are admitted to one of two tracks by application. The majority of students apply as high school seniors and complete the requirements to become a University Scholar: eighteen credits in Honors, including special core classes, unique seminars, and a thesis. Students who enter the program with more than 24 credits may opt for the Thesis Scholars; these students may take some Honors core courses and are required to take two upper division Honors seminars in addition to writing a thesis. Honors Program students receive their academic advising through
the Honors Program, and are also assigned an academic advisor in their major when they reach 45 college
credits (Education, Fine Arts, and Business students also have advisors in their respective departments). The
Program is open to students in all majors. Currently enrolled students with a 3.5 GPA or higher and the
interest, preparation, and enthusiasm necessary to complete an undergraduate thesis project are encouraged
to visit with the Honors Program.

Academic Appeals
SD Board of Regents Policy 2:9, Student Appeals for Academic Affairs

The Academic Appeals form may be found on the Registrar’s webpage. For questions, contact Academic
Affairs (Slagle Hall 102, 658-3580), or the Academic Dean of your college. Students may also receive guidance
from Student Rights and Responsibilities and the Dean of Students Office.

Academic Excused Absence Policy
When necessary, make-up of course requirements missed because of student participation in university
sanctioned events and activities shall be worked out between the instructor and the student upon the student's
timely initiative. For a university related event, a student must contact his/her instructor at least two days
prior to the absence and provide documentation from the sponsoring unit indicating the dates that the
student will be absent from class.
To the extent possible, students should notify the instructor during the first week of the semester of possible
missed dates. Instructors are required to allow for such make-up in a timely manner when a student is absent
because of participation in events approved by the Vice President for Academic Affairs. An instructor may
have special attendance/requirement policies for particular classes, whenever those policies are not in conflict
with the student's right to make up missed requirements as described above.
Adopted March 2, 2005

Academic Integrity Philosophy
Academic integrity is a fundamental concept underlying the educational enterprise of the university. As such, the idea of academic integrity must be embraced by all who are members of the university community and must be a guiding principle in all actions of the university. Academic integrity encompasses the values of honesty, trust, fairness, respect, and responsibility and is the foundation for the standards of acceptable behavior that apply to all within the university community.

To this end, the University of South Dakota seeks to embrace, promote, and maintain an atmosphere of honesty and integrity that can be summed up in the following simple statement:

We are committed to honesty, fairness, trust, respect, and taking responsibility for our actions.

The university should:

1. Promote a well-defined philosophy of academic integrity pertaining to all members of the university community and addressing the five cardinal values of honesty, trust, fairness, respect, and responsibility.

2. Promulgate clear procedures for dealing with transgression of the established policies protecting academic integrity. These procedures should be congruent with applicable laws, Board of Regents policy and existing university policy, including the Student Code of Conduct and the Academic Appeals process, so as to protect the rights of all involved. The colleges and schools within the university should be allowed latitude in establishing appropriate procedures that take into account not only the values and ideals promoted by the university but also those which are congruent with expectations of acceptable conduct in professional settings. An innate feature of the university community is an emphasis on dialogue and learning; thus, consultation and mediation should be emphasized as the primary means of resolution in instances where academic integrity has been lacking. This emphasis does not preclude stringent application of appropriate university policy when necessary. Similarly, commitment to academic integrity should enhance, not stifle, honest disagreement, debate, and differences of opinion among the members of the university community.

3. Use all appropriate avenues to disseminate and underscore the core values of academic integrity at the university. Applicants, parents, enrolled students, visitors, faculty, staff, and administrators should be aware of the university’s philosophy and policies on academic integrity. Commitment to academic integrity should be prominent in all actions of the constituents of the university community. All students, faculty, and staff entering the university community for the first time shall be apprised of the academic integrity policies and should agree to the philosophy that underlies them. The University should take opportunities to reinforce the academic integrity philosophy at appropriate times throughout the academic year.

4. Revisit the academic integrity philosophy and policies in a timely manner.

Guidance on policy and process concerning suspected Academic Misconduct is available online. Questions may be directed to Student Rights & Responsibilities.

**Alcohol & Drug Policy**

SD Board of Regents Policy 4:27, Drug Free Environment – Compliance with the Drug-Free Schools and Communities Act Amendments of 1989

The unauthorized manufacture, sale, possession, use, or consumption of alcohol, marijuana, or other controlled substances is prohibited on any property controlled by the Board of Regents and in connection with any university sponsored activity. All officially recognized university student organizations must adopt and enforce the following minimum policies.

F. Establish conduct policies and sanctions regarding violations by individual members no less stringent than those set forth under Board Policies, except that limited use of alcoholic beverages is permissible as set out above; and

Institutions may impose additional or more restrictive conditions on official recognition.

**Campus Media**
The campus student media shall be free from censorship. Student management shall adhere to responsible and ethical media practices. Student editors and managers shall be assured all rights guaranteed to them by the First Amendment of the U.S. Constitution. *SD Board of Regents Policy 3:10, Campus Media*

**Classification of Students for Tuition Purposes**

*Credit Hour Basis of Tuition Charges*
All tuition charges at the institutions of higher education under the jurisdiction of the Board of Regents will be on a credit hour basis. *SD Board of Regents Policy 3:2, Resident and Nonresident Classification of Students*

1. **Classification of Students for Tuition and Fee Purposes**
Students enrolling in any of the state institutions shall be classified as resident or nonresident for admission, fee, and tuition purposes by the Registrar's Office. The decision shall be based upon information furnished by the student and all other relevant information. The University is authorized to require such written documents, affidavits, verifications, or other evidence necessary to establish the residence of the student, including proof of emancipation, adoption, or appointment of a guardian. Students have the burden of establishing residency by clear and convincing evidence.
2. Establishing Bona Fide Residence
For tuition purposes, residence means the place where a person has a permanent home, at which the person remains when not called elsewhere for labor, studies, or other special or temporary purposes, and to which the person returns at times of repose. It is the place a person has voluntarily fixed as the person's permanent habitation with intent to remain in such place for an indefinite period. A person, at any one time, has but one residence, and a residence is not lost until another is gained.

The residence of an unemancipated person under twenty-four years of age follows that of the parents or of a legal guardian who has actual custody of the person or administers the property of the person. In the case of divorce or separation, if either parent meets the residence requirements, the person shall be considered a resident.

Students who enter the state for the predominant purpose of attending a Board institution and who are under the custody of a guardian in fact, that is, a person who has been designated in writing by the student's parents or legal guardian to serve as their attorney in fact for purposes related to the individual un-emancipated student's affairs, may file a residency petition with the Board at the time of admission. A person shall be classified as a resident student if the person has continuously resided in South Dakota for at least twelve consecutive months immediately preceding the first scheduled day of classes of the semester or other session in which the individual registers in the regental system; except that un-emancipated students whose parents established their residence in South Dakota for reasons not predominantly related to qualifying their children for reduced tuition, may be classified as residents notwithstanding the fact that they have not resided in South Dakota for the requisite twelve months prior to the first scheduled day of classes.

If it appears that the parents of a person properly classified as a resident student under the provisions of this section have removed their residence from South Dakota, the person shall be reclassified to the status of nonresident unless the parents have been residents for the twelve months immediately preceding such removal. However, no such reclassification is effective until the beginning of a semester next following the removal.

Physical presence in South Dakota for the predominant purpose of attending an institution of higher education controlled by the Board of Regents does not count in determining the twelve-month period of residence.

Absence from South Dakota to pursue post-secondary education does not deprive a person of resident student status.

A person once properly classified as a resident student shall be deemed to remain a resident student so long as remaining continuously enrolled in the regental system until the person's degree shall have been earned.

Attendance shall be deemed “continuous” if the person has been enrolled at a school or schools in the state as a full-time student since the beginning of the period for which continuous attendance is claimed. Such person need not attend summer sessions or other such sessions beyond the normal academic year in order to render “continuous” attendance.

3. Petition for Reclassification
After twelve months continuous presence in South Dakota, students who were initially classified as nonresidents may petition for reclassification. Students who wish to begin this process should contact the Registrar's Office (Belbas Center 223; 605-658-3880; registrar@usd.edu).

The following factors shall be considered relevant in evaluating a requested change in a student's nonresident status and in evaluating whether the person's physical presence in South Dakota is for the predominant purpose of attending an institution of higher education controlled by the Board of Regents:

1. The residence of an unemancipated student's parents or guardians;
2. The situs of the source of the student's income;
3. To whom a student pays taxes, including property taxes;
4. The state in which a student's automobile is registered;
5. The state issuing the student's driver's license;
6. Where the student is registered to vote;
7. The marriage of the student to a resident of South Dakota;
8. Ownership of property in South Dakota and outside South Dakota.
9. The residence claimed by the student on loan applications, federal income tax returns, and other documents;
10. Admission to a licensed profession in South Dakota;
11. Membership in civic, community, and other organizations in South Dakota and elsewhere; and
12. The facts and documents pertaining to the person's past and existing status as a student.

The existence of one or more of these factors does not require a finding of resident student status, nor does the nonexistence of one or more require a finding of nonresident student status. All factors shall be considered in combination, and resident student status may not result from the doing of acts which are required or routinely done by sojourners in the state or which are merely auxiliary to the fulfillment of educational purposes. The fact that a person pays taxes and votes in the state does not in itself establish residence.

Retention of Residence While in Military Service
In determining residence status for tuition purposes, it is presumed that persons in military service who list South Dakota as their “home of record” and who, immediately upon release, return to South Dakota to enter college will be classified as residents.

Changes of Classification
Change in classification from nonresident to resident shall become effective upon the next registration after the application for resident classification is approved. The application for resident classification is available in the Registrar's Office, or online. The deadlines for submission of the residence questionnaire for each term are indicated in the annual Schedule of Classes (available online at http://www.usd.edu/registration/).

Classification Appeal Procedure
Students may formally appeal the reviewed decision (see paragraph above) to The University of South Dakota. The appeal form is available in the Registrar's Office, or online. The appeal is then reviewed by USD's Residency Appeals Committee.

Students may further appeal the committee’s decision to the Executive Director of the South Dakota Board of Regents. Upon receipt of an appeal, the Executive Director will request that USD forward copies of the student’s appeal file, including all documentation used in making the committee’s decision. The student’s letter must include a clearly laid out explanation of why the student disagrees with the committee’s decision. The appeal form is available in the Registrar's Office, or online.

**Commitment to Freedom of Expression**
The University of South Dakota respects and follows South Dakota Board of Regents Policy 1.32 regarding freedom of expression.

**Communicable Disease Policy**
The University of South Dakota is committed to providing educational resources to its students, faculty, and staff regarding communicable diseases as outlined in SDBOR Policy 3:13.

No otherwise qualified individual, because of the presence of any communicable disease, will be denied admission or access to services or programs. However, the university may require restriction from specific areas if such activities would jeopardize student health and safety.

Special precautions to prevent contagious diseases from spreading may be necessary. The university will observe public health reporting requirements to local and public health authorities. Medical information regarding individuals with AIDS, AARC, or HIV antibody positive status will not be provided to any person, group, agency, insurer, etc., without the written permission from the student, provided that written permission from the student is not required for public health reporting purposes.

Safety guidelines consistent with public health recommendations will be adopted for handling blood and body fluids in the classroom setting as well as outside of the classroom. Individuals and organizations that attempt to impose restrictions, other than those authorized by the Board of Regents, on HIV positive individuals, will be subject to disciplinary action including expulsion, or, in the case of organizations, withdrawal of recognition.

Please refer to the Immunization Policy for additional information regarding required immunizations and exemptions from this policy.

**Complaints against a Dean or Vice President**
If a complaint is made against a dean or vice president, the formal appeal procedure shall begin at the next administrative level and continue as specified herein except that each step will be conducted at a higher administrative level.

**Concerns & Complaints**
If you have a concern or complaint, we want to hear from you. Complaints can be made via an online submission form. The purpose of this form is to make the university aware of your concerns, complaints or questions regarding university policies or actions and help to resolve them.

Human Rights Complaint Procedures
1:18 Human Rights Complaint Procedures

Immunization Policy
A. Due to regulations mandated by the South Dakota State Law, South Dakota Board of Regents and the State Health Department, ALL students whatever their classification or status must have medically signed proof of TWO (2) properly administered immunizations OR immune titers for Measles (Rubeola), Rubella and Mumps. These are required for all new, readmitted and transferred students of all State Institutions. If you only have one immunization, the required second immunization may be administered not less than one month after the first immunization.
Evidence of immunization or immunity will be documented and signed by a healthcare provider or other record keeper. Other immunization records acceptable to the South Dakota Department of Health also may be used to document compliance with the immunization requirements. These are:

- A physician's certificate
- Immunization records forwarded by another school
- A record maintained by student or parent showing the month and year during which dose of vaccine is administered - signed by a health professional
- The Advisory Committee on Immunization Practices (ACIP) has recommended that college freshmen living in residence halls receive the vaccine for meningococcal meningitis.

All students who meet established criteria are obliged to demonstrate immunity to measles, mumps, and rubella. Relevant criteria – i.e., key factors which drive the need for compliance - are delineated below:

- Age: students born on or after January 1, 1957 must comply; those born prior to this date are excused (no form required).
- Course schedule: students who register for two or more credit-bearing classes – and at least one course involves face-to-face contact on a weekly basis for multiple weeks – are obliged to comply.
  - This includes participation at all campuses and centers (including USD Sioux Falls, Capital University Center, and West River Higher Education Center).

Exemptions:

Students who are taking courses off campus, such as on-line, correspondence, or through DDN.

Exemptions to the MMR requirement will be considered if there is a medical or religious contraindication (form required).

Permanent Exemption

- A serious, chronic medical condition that contraindicates administration of vaccines on a long-term basis – Physician Statement Required.
- Affiliation with an established religion, the doctrine of which prohibits vaccinations - completion of approved University Form or submission of hard copy personal statement required. Note: state law requires validation from a parent if the student is less than 18 years of age.
- Adverse reaction to first MMR precludes administration of the second – physician statement required.

Temporary Exemption

A medical condition of short duration that contraindicates administration of vaccines; the most common application of this waiver is linked to pregnancy – Physician Statement Required.

In the event of an outbreak, students who are granted waivers and exemptions will be excluded from campus. Exclusion procedures will be determined at the point of the outbreak and will adhere to the advice of the South Dakota State Department of Health.

**Missing Student Policy**

1. Reporting a Student as Missing

   A. Any person may report a university student as missing by filing a report with the Vice President for Student Services in the Dean of Students office. It is not necessary to wait until the student has been missing for twenty-four hours before making a report.
B. For purposes of this policy, a student is missing when the student’s whereabouts are unknown and unexplained for a period of time that would be regarded as highly unusual or suspicious by persons familiar with the student’s plans, habits or routines.

Notification of Rights under FERPA
The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the University of South Dakota receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University of South Dakota in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §§99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose personally identifiable information from the education records without obtaining prior written consent of the student –

- To other school officials, including teachers, within the University of South Dakota whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. USD FERPA Notification Rights

Parental Notification of Drug/Alcohol Policy Violation

SD Board of Regents Policy, 3:4, Student Code of Conduct – Student Conduct Process - Sanctions

The Family Educational Rights and Privacy Act (FERPA) permits colleges and universities to inform parents of alcohol and other drug policy violations committed by their students who are under the age of twenty-one at the time of the violation. University of South Dakota (USD) personnel understand that parents are partners in responding to issues of substance use or abuse. Thus, it is USD practice to notify parents or guardians of their student’s alcohol and/or other drug policy violation when, in addition to the FERPA conditions, the violation occurred as follows:

1. The student is responsible for a second violation of South Dakota Board of Regents Policy 3:4, the Student Code of Conduct, concerning alcohol and other drugs, and the violation resulted in at minimum an imposition of disciplinary probation.

2. Violation(s) by the student while enrolled at another institution under the control of the BOR shall be considered a violation under this policy.

3. The Dean of Students or the Dean’s designee will determine, in each instance, whether parental notification will be made. When a determination is made that parental notification is appropriate, notification of a parent or guardian shall be made in writing and mailed to the parent or guardian at the address on record. Students whose parents will be notified consequent to a conduct process may view a template of the notification letter in the Office of Student Rights & Responsibilities.

4. Records of parental notification under this policy will be maintained in the Office of the Dean of Students or as otherwise designated.

5. In addition to the foregoing, USD policy provides for parental notification of alcohol and other drug violation or misuse without prior notice to the student in circumstances where action has been or will be taken to protect the safety of the student or other individuals.

Registered Sex Offenders

Registered sex offenders can be identified by contacting the local law enforcement officials in our host municipality. If you would like information regarding registered sex offenders who are actively enrolled or employed at The University of South Dakota, contact the Clay County Sheriff’s Office at 605-677-7100. They will advise you regarding the information you may obtain and their guidelines for obtaining the information or the information can be accessed at www.claysheriff.org.

Not all sex offenders who may be attending or employed at the University of South Dakota reside in Vermillion or Clay County. Be sure to indicate to the local law enforcement agency you contact that you are either a current or prospective student or employee at the University of South Dakota and that you want to review the listing for this institution. The law enforcement personnel will respond by directing you to the correct information.
Sexual Assault Policy
The University of South Dakota is dedicated to fostering an environment which respects the rights of all individuals and values the promotion of both a work and educational environment free of gender bias. In accordance with federal and state laws and the policies of the South Dakota Board of Regents, the University of South Dakota takes an active role in addressing sexual misconduct on campus. This approach includes but is not limited to: the offering of programming designed to help prevent sexual assault, the prompt and efficient investigation of all reported incidents, and the providing of resources and services, as well as any other reasonable assistance requested under Title IX.

At USD, the University Title IX Coordinator serves as the point of contact for those seeking information or those wanting to report violations of human rights, acts of discrimination/harassment, sexual harassment, sexual violence, domestic violence, dating violence, stalking and any other forms of sexual misconduct. If you have been subject to any type of sexual misconduct or would like more information on how the university can assist you, contact the Title IX Coordinator or visit https://www.usd.edu/About/Departments-Offices-and-Resources/Human-Resources/EOAA-Title-IX.

1:17 Sexual Harassment
1:17.1 Prevention of Sexual Assault
1:18 Human Rights Complaint Procedures

The University of South Dakota is concerned with the personal safety of students, faculty, and staff, as well as aiding a person's ability to be responsible for his or her own safety. This mission is carried out by providing awareness of and educational opportunities about sexual assault, including rape, acquaintance rape, and other forcible and non-forcible sexual offenses. Good bystander behavior training is also offered. Several departments assist in this programming, including the USD Department of Public Safety, the Director of Equal Opportunity & Title IX Officer, University Housing, USD Greek Life and the Student Counseling Center.

The University educates the student community about sexual assaults and date rape through residence hall and student services programming each fall and throughout the academic year. All students are required to complete an online training program. The University Police Department offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction, and University response is available through the Student Counseling Center.

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University Police Department strongly advocates that a victim of sexual assault reports the incident in a timely manner. Time is a critical factor for evidence.
collection and preservation. An assault should be reported directly to the University Police and/or the Title IX Coordinator. Filing a police report will:

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the University Title IX Coordinator, or only the latter. The Title IX Coordinator will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available from the university through the Student Health Center, Employee Assistance, and the Counseling Center. Counseling and support services outside the university system can be obtained through the Domestic Violence Safe Options services and Sanford Medical Center.

University disciplinary proceedings, as well as special guidelines for cases involving sexual violence, are detailed in the Student Handbook. The Handbook provides, in part, that the respondent and the complainant will each be allowed to choose two advisors to accompany them throughout the process. Both the complainant and respondent will be informed of the outcome of the investigation as well as the informal and or formal disciplinary process.

A student violating the Board of Regents Harassment/Including Sexual Harassment policy could be subject to both criminal prosecution by the State of South Dakota as well as the imposed sanctions of the university disciplinary process which may include either suspension and or expulsion a for a first offense.

SD Board of Regents Policy 4:29, Smoking

The University of South Dakota has an obligation to its employees, its students, and the public to take action known to protect peoples' health. Per South Dakota Codified Law (§§34-46-20), tobacco as defined by this policy includes vapor products. The use of tobacco and vaping products by employees or visitors compromises the responsibility of USD to provide a safe and healthy place to conduct business.

Smoking is not permitted on the campus of the University of South Dakota. Signs stating the policy will be posted across campus.

In accordance with the American Indian Religious Freedom Act, the no smoking policy would not apply to ceremonial and traditional rites.

Compliance
Enforcement of this policy is the shared responsibility of all University of South Dakota personnel and students. All are authorized and encouraged to communicate this policy with courtesy, respect, and diplomacy, especially with regard to visitors. Violations of the policy may result in corrective and/or disciplinary action and should be reported to the supervisor, USD Human Resources, or the Dean of Students Office. Students may be referred to the conduct system.

Tobacco Cessation Opportunities
USD encourages all employees and students who use tobacco to quit. Tobacco cessation information and assistance is available online at https://www.sdquitline.com and from the South Dakota QuitLine's toll-free number 1-866-737-8487.

After reviewing the smoking ban resolution passed by the University of South Dakota Student Government Association and endorsed by the Faculty Senate, the USD Executive Committee voted to ban smoking on campus effective January 9, 2013.

Student violations of this policy may be reported to the Director of Student Rights & Responsibilities.

Employee violations are to be documented for supervisor/dean follow-up, as well as evaluated for trends and patterns of noncompliance.

Solicitation of Students
USD Sales and Solicitation Policy
The University of South Dakota adheres to Board of Regents policy 6:13 with regard to sales and solicitation of articles or services to students. If a private party wishes to solicit or sell articles or services to students, they should contact the Office of Scheduling: 605-658-3554 to get more information.

Student Communication Policy
Because of the ever-increasing reliance on electronic communications to more effectively and efficiently conduct official business with students of the University of South Dakota (USD), certain electronic communication standards must be set by the university.
As a result, email and announcements posted in the myUPortal are considered official forms of communication at USD.
It is imperative that students understand that portal announcements and the University-assigned email address associated with the USD account shall be the official means of communication while they are a student and that they are responsible for information conveyed via announcements and email. The university has the right to expect that those communications will be read in a timely fashion. Instructions to add a student email account to a smartphone can be found at the USD Coyote One Stop.

A valid driver's license issued in the United States is required. Use of university or state vehicles must be for official university business only and not for a matter of convenience.

Motor vehicles that are operated or parked on campus must have a registered permit and be operated in accordance with the [University Parking and Traffic Regulations](#). Copies of the complete detailed regulations are available anytime from the University Police Department, located in the Davidson Building. The University Police Department’s non-emergency telephone number is 605-658-6199.

**Suicide Threat Response Policy**
Suicide is the leading cause of death of university students. Additionally, suicide, attempted suicide, and suicidal gestures have detrimental effects on both the involved student and other students in the campus community.

The University of South Dakota (USD) strives to foster a campus community free from personal abuse, directed at oneself or others. USD commits its resources to the following two-fold process: 1) to educate and promote discussion about self-abuse and violence and 2) to provide crisis intervention. The following is a link to the [USD Suicide Threat Response Policy](#).

**Tailgate Policy**
Grills: Propane/gas grills are preferred when tailgating. However, we ask that propane tanks be limited to the 5-10 gallon size. Charcoal grills are discouraged but permitted due to the waste they produce. Any charcoal should be disposed of in the designated charcoal waste bins.

Kegs: Kegs are permissible, however, groups providing kegs are also responsible for monitoring consumption and making sure those consuming alcohol are of legal age. (See Student Org Policy)

No glass containers: For safety considerations, we ask that all tailgaters use cups only; no glass will be permitted.

are encouraged to register contact preferences through the USD Campus Alert system. Notice may also be sent through alternate or additional methods of communication and will be posted on the USD homepage.

**Voter Registration**

As a South Dakota resident, you may obtain a voter registration form at the [Secretary of State’s website](#). If your home state is other than South Dakota, you may obtain a voter registration by using the [national form](#).

**Winter Weather Policy**
Classes will be canceled this winter when road and weather conditions warrant. Administrative offices will remain open for business when classes are canceled. On occasion, the weather will not be severe enough to cancel classes but may pose driving conditions requiring extreme caution. If conditions are too severe, students are advised to stay home rather than take unnecessary risks. Faculty will accommodate students missing class under these circumstances.

Faculty will immediately notify their respective department offices in the event they are unable to make class. Students seeking individual class cancellation information should contact the faculty member or the faculty member’s department.

In the event staff are unable to travel to campus due to weather conditions, Board of Regents policy allows the taking of annual leave, accrued comp time, leave without pay, or staff may adjust their work week with the approval of their supervisor. In extreme cases, it may be necessary to close administrative offices as well as cancel classes. In that event, food service, public safety, and facilities personnel will continue to provide essential services on campus.
