#### Sponsor Information

All sponsors must include a bank statement or certificate of balance showing readily available funds sufficient to cover the first year's contribution. Sponsors must also indicate the number of years they will provide support (a bachelor's degree is typically earned in four to five years). If you have secured a scholarship, attach the award letter, which should indicate the amount and length of the award. If you have an educational loan from your home country, please include a detailed letter or document from the financial institution.

The most common examples of readily available funds (liquid assets) are bank statements, bank or investment letters, certificate of deposits, and investment portfolios. You must provide an official or certified copy of a bank statement for a checking or savings account (liquid assets), or an official, certified copy of a letter from the bank holding the checking, savings account, or other liquid asset. All documents should be in English or accompanied by an official translation and may be submitted via email to isrt@usd.edu.
