**6. Explanation of the Change:**

The proposed revisions to the Coaching minor are in response to consideration of the South Dakota High School Activities Association (SDHSAA) and other local states' coaching requirements, as well as research into other comparable Coaching minor programs. PHYG 220/L has been deleted because it has actually become recognized as a pre-requisite for KSM 353. In addition, it has been deemed that KSM 454 and the professional preparation courses (PE 200-204) are not particularly necessary; however, discussion has prompted recognition of the benefits of adding KSM 453 and an additional coaching theory course to the minor program.

## 6. Explanation of the Change:

The proposed changes are intended to reflect past curricular changes that need to be updated in the 2018-2019 catalog. One of these proposed changes (the deletion of PE 360 and addition of PE 330) appears to have been initially instituted in 2011; however, never officially updated to the Physical Education major program requirements in the catalog. The second proposed change is intended to verify that PHYG 220/L was deleted from the Physical Education requirements. Along with this second change, came a slight revision in the number of departmental; Physical Education, BSED; electives; and total number of credit hours requirement for the major.
