Section 1. Course Title and Description

Prefix & No.	Course Title	Credits
CPHD 763 (USD) CHEM 763 (SDSU)	Developmental Biology of Disease	3

Course Description

This course focuses on mammalian development and human diseases resulting from developmental abnormalities. Topics include early development, organogenesis, maternal effects, and the use of models systems and techniques for studying human developmental diseases. Students who take this course will have a better understanding of the underlying causes of human diseases and congenital abnormalities.

Pre-requisites or Co-requisites N/A

Registration Restrictions N/A

Section 2. Review of Course

2.1. Was the course first offered as an experimental course (place an "X" in the appropriate box)?

- Yes (if yes, provide the course information below) No

2.2. Will this be a unique or common course (place an "X" in the appropriate box)?

If the request is for a unique course, verify that you have reviewed the common course catalog via Colleague and the system [Course Inventory Report](#) to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form.

Common Course *Indicate universities that are proposing this common course:*

- BHSU DSU NSU SDSMT SDSU USD

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

- No.** Schedule Management, explain below: This course will be a team-taught course and will be done within existing faculty workloads through schedule management.

3.2. Existing program(s) in which course will be offered: UCPHD

3.3. Proposed instructional method by university: R-Lecture

3.4. Proposed delivery method by university: 001 Face to face

3.5. Term change will be effective (enter catalog year): Fall 2018/Spring 2019

3.6. Can students repeat the course for additional credit?

- Yes, total credit limit: _____ No

3.7. Will grade for this course be limited to S/U (pass/fail)?

Yes No

3.8. Will section enrollment be capped?

Yes, max per section: 15 No

3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the [Course Inventory Report](#)?

Yes No

3.10. Is this prefix approved for your university?

Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

4.1. University Department Code: UCPHD

4.2. Proposed [CIP Code](#): 26.0102

Is this a new CIP code for the university? Yes No

Hi Beth,

Thank you for letting us know about the new course. Please proceed with posting this item for the April AAC on behalf of both campuses.

Thanks,
Janell

Subject: CPHD/CHEM 763

Janell,

The following new course request has made it through our curriculum process. It looks like it is a joint request with SDSU Chemistry. We would be ok to post for April AAC. Has this made it through your process?

Thanks,

Elizabeth McKay Freeburg, Ed.S., Ph.D.
