Section 1. Course Title and Description

Prefix & No.	Course Title	Credits
OCTH 782	Advanced Research Design & Data Analysis	2

Course Description	<p>This is a required course in qualitative and quantitative research design, methodology, and data analysis related to occupational therapy practice. The student is expected to demonstrate a proficiency in research to understand, apply, and interpret qualitative and quantitative research methods and analyses. The course will include a review of basic research methodologies, introduction to software for data analysis, and application and interpretation of advanced level statistics.</p>
---------------------------	--

Pre-requisites or Co-requisites N/A

Registration Restrictions

Enrollment in Post-professional Doctor of Occupational Therapy Program or PhD in Health Sciences
--

Section 2. Review of Course

- 2.1. Was the course first offered as an experimental course (place an "X" in the appropriate box)?**
- Yes (if yes, provide the course information below)
 No

- 2.2. Will this be a unique or common course (place an "X" in the appropriate box)?**
If the request is for a unique course, verify that you have reviewed the common course catalog via Colleague and the system [Course Inventory Report](#) to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form.

Unique Course

Prefix & No.	Course Title	Credits
OCTH 780	Research Design & Data Analysis	3
PHTH 783	Qualitative and Quantitative Data Analysis	1

Provide explanation of differences between proposed course and existing system catalog courses below:

<p>The proposed new course will provide advanced level education in research methods that build upon the existing OCTH 780 course. The course is designed as an advanced research course for occupational therapy practitioners enrolled in the post-professional Doctor of Occupational Therapy program. The course will be specific to OT and will be provided 100% online. All master's prepared students have completed an entry-level research design course given it is an accreditation standard for all occupational therapy programs.</p>

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

- No.** Schedule Management, explain below: This course will be taught in-load or funded through self-support for the designated faculty person

3.2. be offered: Post-Professional Doctor of Occupational Therapy (OTD)

3.3. Proposed instructional method by university: R – lecture

3.4. Proposed delivery method by university: 015 – Internet asynchronous – term based instruction

3.5. Term change will be effective: Fall 2018

3.6. Can students repeat the course for additional credit?

- Yes, total credit limit: _____ No

3.7. Will grade for this course be limited to S/U (pass/fail)?

- Yes No

3.8. Will section enrollment be capped?

- Yes, max per section: 30 No

3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the [Course Inventory Report](#)?

- Yes No

3.10. Is this prefix approved for your university?

- Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

4.1. University Department Code: UOCTH

4.2. Proposed [CIP Code](#): 51.2306

Is this a new CIP code for the university? Yes No
