USD	Arts & Sciences/Communication Sciences and Disorders
Institution	Division/Department
<i>Elizabeth M. Freeburg</i>	2/21/19
Institutional Approval Signature	Date

Section 1. Course Title and Description

Prefix & No.	Course Title	Credits
DCOM 742	Diagnostic Audiology	3

Course Description	This course covers underlying scientific principles and methods of administering, interpreting, and integrating components of the audiologic test battery. This course will also discuss case history, test selection and interpretation, and documentation.
---------------------------	--

Pre-requisites or Co-requisites N/A

Registration Restrictions N/A

Section 2. Review of Course

2.1. Was the course first offered as an experimental course?

- Yes (if yes, provide the course information below) No

2.2. Will this be a unique or common course?

If the request is for a unique course, verify that you have reviewed the common course catalog via Colleague and the system [Course Inventory Report](#) to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form.

Unique Course

Prefix & No.	Course Title	Credits
DCOM 422	Audiologic assessment	3

Provide explanation of differences between proposed course and existing system catalog courses below:

Some of the content for the proposed course will review content from DCOM 422 Audiologic assessment which is an undergraduate course. The proposed course will provide content specific to the graduate audiology students. DCOM 422 is directed toward undergraduate students pursuing a degree in Communication Sciences and Disorders. Thus the content of that course is focused on understanding of broad concepts of audiologic assessment and cursory understanding of assessment results. The proposed course will address diagnostic audiology comprehensively targeting detailed and applied concepts of diagnostic testing, interprofessional assessment teams, and interpretation of the audiologic test battery.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

- No.** Schedule Management, explain below: This addition is part of the overall program modification of the Doctor of Audiology program at USD. Other courses and credit hours have been reapportioned so that teaching loads remain stable.

- 3.2. Existing program(s) in which course will be offered: USD Doctor of Audiology
- 3.3. Proposed instructional method by university: R-Lecture
- 3.4. Proposed delivery method by university: 001 (face to face)
- 3.5. Term change will be effective (enter catalog year): 2019-2020
- 3.6. Can students repeat the course for additional credit?
 Yes, total credit limit: _____ No
- 3.7. Will grade for this course be limited to S/U (pass/fail)?
 Yes No
- 3.8. Will section enrollment be capped?
 Yes, max per section: _____ No
- 3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the [Course Inventory Report](#)?
 Yes No
- 3.10. Is this prefix approved for your university?
 Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

- 4.1. University Department Code: UCSD
- 4.2. Proposed [CIP Code](#): 51.0202

Is this a new CIP code for the university? Yes No
