Section 2. Modification(s) Requested

Current New

Change in instructional method G-Clinical Experience to S-Internship/Practicum

Effective term of the change: 2019-2020

2.2. Add justification for all changes noted above:

These courses were mis-described as “G,” clinical courses, because as previously defined, that label appeared to fit. Now that it is clear that “G” courses refer to the medical field, a more appropriate designation should be entered. “S” is accurate: these are all fieldwork courses involving real-world training and client contact, with substantial supervision by a law faculty member or a licensed practitioner.

Section 3. Other Course Information

3.1. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course database (Colleague and the [Course Inventory Report](#))?

Yes No
