Section 1. Existing Course Title and Description

Prefix & No.	Course Title	Credits
NURS 321	Designer, Coordinator, & Manager of Care Integration Seminar I	1

Course Description
This seminar incorporates critical reflection in the integration of concepts. Post-clinical seminar fosters clinical imagination, ability to think like a nurse and clinical judgment for designing, coordinating and managing patient-centered care.

Section 2. Modification(s) Requested

2.1. This modification will include:

- A change in description/subject matter content (enter revised description below).**

This clinical experience initiates the development of the nurse generalist role as provider of care, designer, coordinator, manager of care, and member of the profession. Professionalism is integrated as core in the development and application of evidence-based competence in nursing technical skills, knowledge, attitudes, and patient care technologies that supports diagnosis, intervention and decision making for providing safe, quality, and patient-centered care to individuals across the lifespan and diverse populations.
--

- Course title change** Designer, Coordinator, & Manager of Care Clinical Experience I
- Change in instructional method** R-Lecture to C-Clinical/Lab
- Explain any additional minor changes proposed at this time below (if needed):**

The credit hours will change from 1 credit hour to 1 - 3 variable credit hours.

- Repeatable for additional credit** No to Yes, unlimited

Will the grade for this lab/lecture component be limited to S/U (pass/fail)?

- Yes No

Will section enrollment for the lab/lecture component be capped?

- Yes, max per section: 64 No

Effective term of the change: Fall 2019

2.2. Add justification for all changes noted above:

The clinical credit hours and clinical experiences will be moved from NURS 320 to NURS 321. The credit hours will change from 1 credit hour to 1 - 3 variable credit hour/s. This will provide students the ability to register for, and complete variable credit hours within different semesters throughout the program. The clinical and/or theoretical opportunity for the credit hour must meet the course outcomes and must be supervised by nursing faculty. This course change more clearly aligns the curriculum with the department's intent to offer separate theory and clinical courses.
