Section 1. Existing Course Title and Description

Prefix & No.	Course Title	Credits
NURS 441	Designer, Coordinator, & Manager of Care Integration Seminar III	2

Course Description

This course further develops critical reflection in the integration of concepts for post clinical learning that emphasizes application for baccalaureate professional practice, fosters clinical imagination and the ability to “think like a nurse” through pattern recognition and clinical judgment in designing, coordinating and managing patient care, with particular emphasis with families and individuals nearing the end of life.

Section 2. Modification(s) Requested

2.1. This modification will include:

- A change in description/subject matter content (enter revised description below).**

This clinical experience expounds on previous concepts and fosters further development of the roles of the professional nurse in end of life care. Implementing primary, secondary and tertiary levels of care, this course focuses on the chronic disease processes, broadening the depth and breadth of nursing care within the interprofessional team

- Course title change** Designer, Coordinator, & Manager of Care Clinical Experience III
- Change in instructional method** R-Lecture to C-Clinical/Lab
- Explain any additional minor changes proposed at this time below (if needed):**

The credit hours will change from 2 credit hour to 1 - 5 variable credit hours.

- Repeatable for additional credit** No to Yes, unlimited

Will the grade for this lab/lecture component be limited to S/U (pass/fail)?

- Yes No

Will section enrollment for the lab/lecture component be capped?

- Yes, max per section: 64 No

Effective term of the change: Fall 2019

2.2. Add justification for all changes noted above:

The clinical credit hours and clinical experiences will be moved from NURS 440 to NURS 441. The credit hours will change from 2 credit hour to 1 - 5 variable credit hour/s. This will provide students the ability to register for, and complete variable credit hours within different semesters throughout the program. The clinical and/or theoretical opportunity for the credit hour must meet the course outcomes and must be supervised by nursing faculty. This course change more clearly aligns the curriculum with the department's intent to offer separate theory and clinical courses.

Section 4. Department and Course Codes (Completed by University Academic Affairs)

	<u>Current</u>	to	<u>New</u>
<input type="checkbox"/> Change in University Department Code	UNURS	to	_____
<input type="checkbox"/> Change in CIP Code	51.3801	to	_____
