Section 2. Review of Course

2.1. Was the course first offered as an experimental course?

- Yes (if yes, provide the course information below) No

2.2. Will this be a unique or common course?

If the request is for a unique course, verify that you have reviewed the common course catalog via Colleague and the system [Course Inventory Report](#) to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form.

Unique Course

| Prefix & No. | Course Title | Credits |
|--------------|---------------------------|---------|
| ANTH 300 | North American Prehistory | 3 |
| ANTH 340 | Historical Archaeology | 3 |

Provide explanation of differences between proposed course and existing system catalog courses below:

This proposed course will complement ANTH 300 (North American Prehistory) because it will focus on prehistory across the globe and not just in North America. Additionally, ANTH 340 (Historical Archaeology) and ANTH 305 are fundamentally different because ANTH 340 is about the archaeology of the historic-era and ANTH 305 is exclusively about the prehistoric-era.

Common Course

Indicate universities that are proposing this common course:
