**Section 1. Course Title and Description**

Prefix & No.	Course Title	Credits
NURS 511	Evidence-Based Practice: A foundation for Nurses in Advanced Practice Roles <span style="background-color: yellow;">[Short title: EBP: Adv Practice Roles]</span>	3

Course Description
<p>This course will provide a foundation for nurses prepared for advanced practice roles to lead healthcare teams in the implementation of evidence-based practice and continuous quality improvement. Students will focus on finding and appraising research and practice guidelines to generate meaningful evidence and will demonstrate an understanding of the intricacies of translating and integrating scholarship into practice. Mentoring change within an organization to enhance nursing practice that improves patient care and outcomes will be emphasized.</p>

**Pre-requisites or Co-requisites None**  
**Registration Restrictions None**

**Section 2. Review of Course**

**2.1. Was the course first offered as an experimental course?**  
 Yes (if yes, provide the course information below)       No

**2.2. Will this be a unique or common course?**  
*If the request is for a unique course, verify that you have reviewed the common course catalog via Colleague and the system [Course Inventory Report](#) to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form.*

**Unique Course**

Prefix & No.	Course Title	Credits
NURS 850	Foundations/Evidence Based Care	3

*Provide explanation of differences between proposed course and existing system catalog courses below:*

<p>NURS 511 will provide a deep dive into methods of evidence retrieval and evidence appraisal. This includes scoping reviews, use of various evidence-based models and methodology, as well as evidence management tools and matrices. While there could be some similarities between NURS 511 and NURS 850, the focus is different. The focus in NURS 850 is on the role of the clinician and on appraising clinical evidence in clinical practice at the doctoral level. NURS 511 will address the needs of students seeking non-clinical informatics roles. The emphasis in NURS 511 will be on nurse informaticist at the master's level and the role of information technology outcomes and processes on patient outcomes rather than clinical practice interventions and patient outcomes.</p>
---

### **Section 3. Other Course Information**

**3.1. Are there instructional staffing impacts?**

- Yes.** Specify below:  
USD will need to reassign workload with the development of the new graduate programs.

**3.2. Existing program(s) in which course will be offered:** Master of Science in Nursing with specialization in Nursing Informatics and e-Health, M.S.N.

**3.3. Proposed instructional method by university:** D-Discussion or Recitation

**3.4. Proposed delivery method by university:** U15-Internet asynchronous/U18 Internet synchronous

**3.5. Term change will be effective (enter catalog year):** Fall 2020

**3.6. Can students repeat the course for additional credit?**

- Yes, total credit limit: \_\_\_\_\_  No

**3.7. Will grade for this course be limited to S/U (pass/fail)?**

- Yes  No

**3.8. Will section enrollment be capped?**

- Yes, max per section: \_\_\_\_\_  No

**3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the [Course Inventory Report](#)?**

- Yes  No

**3.10. Is this prefix approved for your university?**

- Yes  No

### **Section 4. Department and Course Codes (Completed by University Academic Affairs)**

**4.1. University Department Code:** UNUR

**4.2. Proposed [CIP Code](#):** 51.3802

*Is this a new CIP code for the university?*  Yes  No
