Laura,
I agree PE 180 should be 3-credits. I have no problem with adding a 3-credit option to the common course.

Thank you,

SDSU would have no problem with this recommended change from 2 credits to 2-3 variable hours.

Hello Betsy,

Thank you for responding with that comment and prompting me to clarify further. Let me explain, variable credit is exactly what we are requesting here (our formal request states the change is 2 to 2-3 variable hours). Therefore, with this change, other universities can continue to teach the course as 2 credit hours or change to 3 credit hours.

Thank you again for your comment. I appreciate it.

Thanks,
Laura

Subject: [EXT] HPER Discipline Council: Response requested

Hello everyone. I hope you are well during spring break week.

The University of South Dakota's Kinesiology and Sport Management (KSM) division is moving through the curricular process to change PE 180 from a 2 credit hour to a 3 credit hour course. We believe this will better aid the

student's experience in the program and help with retention. Since this is a common course and a general education course, **I will need a response from each Council Member to continue this curricular process.**

To summarize, USD wants to change PE 180 from a 2 credit hour to a 3 credit hour course. This change does not influence any other institution, their courses, or credit hours.

If you have any questions, please let me know. I look forward to hearing from you.

In health,
Laura
