Section 1. Course Title and Description

Prefix & No.	Course Title	Credits
PUBH 770	Public Health Immunology	3
Course Description		
This course is designed to explore the principles and concepts of immunology in relation to public health. Students will gain foundational knowledge in the analysis and interpretation of immune system parameters that influence the outcomes of infectious and chronic diseases and present as health disparities. Particular attention is given to approaches for studying the relationships between the immune status of individuals, population health, and disease prevention.		

Pre-requisites or Co-requisites (add lines as needed): None.

Registration Restrictions: None.

Section 2. Review of Course

2.1. Was the course first offered as an experimental course?

- Yes (if yes, provide the course information below) No

2.2. Will this be a unique or common course?

- Unique Course**

Prefix & No.	Course Title	Credits
MICR 518	Fundamentals of Immunology	2
NUTR 706	Nutrition and Immunology	3

<p>The proposed course is distinct from the above courses as follows:</p> <ul style="list-style-type: none"> The content and focus of the proposed course is distinct from other immunology-related courses in the existing system catalog. Specifically, the proposed course emphasizes public health aspects of immunology, including population-based study designs, health disparities, and the prevention of disease in human populations. The proposed course is to be delivered in an online format.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

- No.** Schedule Management, explain below: This will be managed as an in load course that is offered on a rotational basis.

3.2. Existing program(s) in which course will be offered:

Master of Public Health Program, Health Sciences PhD Program

3.3. Proposed instructional method by university: E -- Seminar

3.4. Proposed delivery method by university: 015 Internet Asynchronous - Term Based

3.5. Term change will be effective: Summer 2017

3.6. Can students repeat the course for additional credit?

Yes, total credit limit: _____ No

3.7. Will grade for this course be limited to S/U (pass/fail)?

Yes No

3.8. Will section enrollment be capped?

Yes, max per section: 33 No

3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the [Course Inventory Report](#)?

Yes No

3.10. Is this prefix approved for your university?

Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

4.1. University Department Code: UHSDN

4.2. Proposed [CIP Code](#): 51.2201

Is this a new CIP code for the university? Yes No
