I hope everyone had a great summer and first week of classes so far! I apologize for hitting you up so early in the semester?!

As I previously hinted this spring in our emails, our Kinesiology and Sport Science (KSS) Division recently underwent a name change to Kinesiology and Sport Management (KSM). We sought the change to better represent our sport management specialization. After having secured the name, we are also attempting to re-label the major and related courses with the new KSM prefix.

Before doing so, however, we wish to seek your approval for changing the KSS prefix to KSM for all of the common courses that we currently offer:

1	COM	KSS	300	Introduction to Research	A	[View]
2	COM	KSS	353	Kinesiology	A	[View]
3	COM	KSS	395	Practicum	A	[View]
4	COM	KSS	400	Exercise Test & Prescription	A	[View]
5	COM	KSS	490	Seminar	A	[View]
6	COM	KSS	491	Independent Study	A	[View]
7	COM	KSS	492	Topics	A	[View]
8	COM	KSS	494	Internship	A	[View]
9	COM	KSS	790	Seminar	A	[View]
10	COM	KSS	792	Topics	A	[View]
11	COM	KSS	794	Internship	A	[View]

Could you follow up with me at your earliest convenience and confirm whether you approve our proposed KSS to KSM prefix change?

If you have any questions, please let me know. Thank you.

Hello,
I support the prefix change.

To update everyone on the EXS prefix change at SDSU. I was informed this summer that the BOR changed some of the curriculum forms. Our curriculum coordinator for the university is going through those forms to see what needs to be updated.

Have a good weekend.

Matt

 Subject: RE: Prefix changes

- A. I support the change.
- B. For our department we are looking at either;
 - 1) Staying as HPE
 - 2) Using WES (Wellness, Exercise and Sport)
 - 3) Using KSM (align with USD)
- C. [Removed this item, not relevant to KSM prefix change]

Thanks for any feedback,
 Tom

Suzanne:
 Sorry for the delay in getting back to you, I was waiting for a response from the administration. DSU does not have a problem with the prefix change.
