

Due to the change in name of the Division to Kinesiology and Sport Management all course prefixes are being changed to KSM. This request is consistent with the change.

**Section 4. Department and Course Codes (Completed by University Academic Affairs)**

<input checked="" type="checkbox"/> <b>Change in University Department Code</b>	<u>Current</u> UKSS	to	<u>New</u> UKSM
<input type="checkbox"/> <b>Change in <a href="#">CIP Code</a></b>	_____	to	_____

 Re: Prefix changes

To: Williams, Suzanne E; Staiger, Scott; Triplett, Craig; Orr, Thomas J

Hi Suzanne,  
 I am supportive of the changes USD has proposed.

Matt

**Subject:** RE: Prefix changes

We met as a Division and approved these changes. Would it be possible to get everyone's approval (via email) for USD to make these changes, as well (so that I may submit this with our documentation)? Here is a summary of our proposed changes:

Proposed changes:  
 PE 350 Exercise Physiology - KSS 350 Exercise Physiology  
 PE 453 Sport Psychology - KSS 453 Sport Psychology  
 PE 454 Biomechanics - KSS 454 Biomechanics  
 PE 750 Applied Physiology of Exercise - KSS 755 *Applied Exercise Physiology*  
 PE 765 Evaluation of Research in KSS - KSS 765 Evaluation of Research in KSS

However, as a staff, we are hesitant to cross-list with EXS (As we are afraid that will confuse our KSS majors. Please recall we only have the KSS degree major, with the Sport Management and Exercise Science specializations.) If it is okay, we would like to just use KSS. I understand that that is not productive to what we are trying to do as a council/committee, but it would best serve our programming and students. Would that be okay?

**Subject:** Prefix changes

Hello,  
 I have attached one more summary of the changes. In the far right column I listed who will be responsible for submitting the paperwork.  
 Please verify you are OK with me submitting. USD is going to stick with the KSS prefix and will submit paperwork to cross list with the EXS prefix.  
 I would like to submit this by the end of the week if possible or early next week after the Easter break.

If you could have it to me by Friday that would be great.

Thank you.

Matt

Guys:  
 DSU does not have a problem either.

I will be presenting the course number changes to the College of Education on Wed., April 13. I will let you know what happens afterwards.

I do have one question for the group however. I was thinking about this today when I was reminded to order my textbooks for the summer. Why is Nutrition numbered 422 at DSU and USD? I generally advise my students to take it in their freshman or sophomore year, and teach it at that level.
