**Section 1. Existing Course Title and Description**

Prefix & No.	Course Title	Credits
HSAD 710	Contemporary Leadership in Health Care	3

<b>Course Description</b>
Contemporary Leadership in Health Care explores the practices of exceptional leaders in the health care field. Students will discover, explore and assess contemporary issues in health care and consider the business and social forces that are shaping the need for creative and revolutionary approaches to health care, domestically and internationally. Ethical principles, personal and company values, and socially responsible management practices will be evaluated in the interests of responsible and feasible health care delivery.

**Pre-requisites or Co-requisites** N/A  
**Registration Restrictions** N/A

**Effective Date:** Fall 2017

**Section 2. Modification(s) Requested**

**2.1. This modification will include:**

- |  |  |
|--|--|
| <input checked="" type="checkbox"/>  | <b>A change in description/subject matter content (enter revised description below).</b> |
| This course surveys the major components and organizational interrelationships of the U.S. health services delivery system across the continuum of care. Students will gain a broad understanding of the historical evolution of the health services delivery system as well as contemporary health reform initiatives which aim to reduce national health services expenditures and improve organizational performance. |  |
| <input checked="" type="checkbox"/>  | <b>Explain any additional minor changes proposed at this time below (if needed):</b>     |
| Course title change to: <b>U.S. Health Services System</b>   |  |

**2. Add justification for all changes noted above:**

The HSAD department in the School of Business has undertaken a strategic review of their curriculum over the past two years. Last year they revised and updated the undergraduate curriculum and this year they are doing the same for the graduate curriculum. The complete changes and rationale are provided in the substantive program modification. The program changes include a realignment of subject matter coverage and courses. The changes will allow for deeper coverage of material unique to the health administration field.
