

Spring 2018 Schedule of Classes

Undergraduate

Accounting (ACCT)

For further information please contact 677-5455

ACCT 210 & ACCT 211 are prerequisites to all advanced courses (300 level and above) in Accounting. Business students who have not yet been admitted to their majors seeking enrollment in 300 or 400 level ACCT courses must complete a waiver request form and have it on file with the Student Services Center (B101) prior to registration. Waiver forms are available through the Beacom School of Business Student Services Center, Beacom Hall 101. Please check with your advisor if you are a business student planning to enroll in upper-level business classes before admission to your major. Notice of combined examinations - in some courses where there are multiple sections, hour exams may sometimes be given at an hour other than the regular class schedule. When this is done omitting a subsequent class hour may compensate the time, but a decision on this will be determined by conditions at the time.

392 A&S Topics: Race and the Law (1-4 Cr)
 U015 93589 12:00PM - 12:50PM TTH UOM 103 Graham

This course will examine the legal processes and historical forces that governed the manner in which racial categories were constructed, the manner in which racism developed and was subsequently enforced, and the manner in which legal doctrines were used to entrench racial inequality. The course will primarily focus, in abbreviated fashion, on the experiences of the five major racial groups in the United States: African-Americans, Native Americans, Latinos (with a specific focus on Mexican-Americans and Puerto Ricans), Asian-Americans (with a specific focus on Chinese-Americans and Japanese-Americans), and White Americans. The class will also give students a chance to interrogate the relative stability over time of the frames which organize our understanding of race, as well as a chance to examine changes in institutional arrangements and our individual experiences of race. This course will be a W/O course. Law students who elect to use this course in order to fulfill their upper-division writing requirement will earn three credits, if they complete the course successfully; students who do not make this election must enroll in the course for two credits. Undergraduates will not be permitted to enroll in the 3-credit option, which will require a substantial amount of legal research and the production of a major paper. There are no pre-requisites for this course. Organizational notes: Since the School of Law starts classes a week earlier than the College of Arts Sciences, an additional, two hour class session will be scheduled for any enrolled undergraduate students during the second week of law classes and the first week of undergraduate classes. During that two hour session, undergraduates will receive an overview of the American

Business Administration (BADM)

For further information please contact 677-5455

Business students who have not yet been admitted to their majors seeking enrollment in 300 or 400 level BADM courses must complete a waiver request form and have it on file with the Student Services Center prior to registration. Waiver forms are available through the Beacom School of Business Student Services Center, Beacom Hall 101. Please check with your advisor if you are a business student planning to enroll in upper-level business classes before admission to your major. Notice of combined examinations - in some courses where there are multiple sections, hour exams may sometimes be given at an hour other than the regular class schedule. When this is done omitting a subsequent class hour may compensate the time, but a decision on this will be determined by conditions at the time.

Economics (ECON)

For further information please contact 677-5455

ECON 201 & 202 are prerequisites to all advanced courses (300 level and above) in Economics unless otherwise stated. For Economics majors, ECON 301 should be completed as soon as possible and that ECON 421 be taken in the junior year. Notice of combined examinations - in some courses where there are multiple sections, hour exams may sometimes be given at an hour other than the regular class schedule. When this is done omitting a subsequent class hour may compensate the time, but a decision on this will be determined by conditions at the time.
