PROGRAM TO PROGRAM ARTICULATION AGREEMENT

THE UNIVERSITY OF SOUTH DAKOTA (USD)  
AND  
SANFORD MEDICAL CENTER dba SANFORD SCHOOL OF RADIOLOGIC TECHNOLOGY

Agreement with Respect to Applying the  
RADIOLOGIC TECHNOLOGY CERTIFICATE  
Towards the  
HEALTH SCIENCES  
Bachelor of Science Degree Program at USD

I. Parties

The parties to this agreement are The University of South Dakota (USD) and Sanford Medical Center dba Sanford School of Radiologic Technology (Sanford) in Sioux Falls, South Dakota.

II. Purpose

The purpose of this agreement is to:
A. have a signed articulation agreement that addresses the varying needs of students and the complementary nature of the institutions’ programs;
B. provide increased educational opportunities for students from South Dakota and the region;
C. extend and clarify educational opportunities for students; and
D. have a signed agreement that addresses the needs of students in the Sanford Radiologic Technology program to complete an academic degree, enabling the radiologic technology graduate to sit for the American Registry of Radiologic Technologist’s exam to be credentialed as a Registered Radiologic Technologist.

III. Academic Program

Graduation Requirements for the BS in Health Sciences at USD
Health Science Major Requirements: 44
General Education Credits: 30-32
Transfer up to 49 block credits from Sanford Radiologic Technology: 49
Total credits required: 120

¹Natural Science general education requirements are reflected in the Health Sciences major requirements too.
A. Requirements to be completed at USD for the Health Sciences major are reflected in the catalog website: USD Catalog: B.S. in Health Sciences

B. The general education coursework to meet Regental System General Education Requirements must also be completed as outlined below. General education coursework will be transferred if the Regental System General Education transfer requirements are met.

*Science credits double counted in total for the major

Updated 2020
IV. Pathway One: Reverse Articulation (completing years one and two at USD, years three and four at Sanford Radiologic Technology Program, and transferring radiologic technology block credits back to USD for completion of degree)

A. Students will complete the required Health Science major courses through the University of South Dakota during the first two years of their education. While completing the required USD credit hours (71), the student will apply for admission to the Sanford Medical Center School of Radiologic Technology. This is a competitive process and admission is not guaranteed. Students who are granted admission will enter the radiologic technology program at Sanford (Sioux Falls) at the beginning of their third year and complete the requirements of the radiologic technology program at the end of the fourth year.

B. Upon successful completion of the requirements of the radiologic technology program, the student will transfer back to USD and apply for graduation. At that time, USD will accept a block of up to 49 radiologic technology credits in transfer.

C. USD will waive the graduation requirement that 15 of the last 30 credits for the baccalaureate degree must be earned as institutional credit.

D. Students must meet all other Board of Regents and university graduation requirements in order to receive a degree.

V. Pathway Two: Forward Articulation (completing the Radiologic Technology Program at Sanford and transferring to USD to complete the Bachelor of Science in Health Sciences).

A. Upon successful completion of the requirements of the radiologic technology program, students may transfer to USD to complete the BS in Health Sciences. At that time, USD will accept a block of up to 49 radiologic technology course credits from the radiologic technology program. Students must successfully complete the radiologic technology program at Sanford prior to transferring to USD for the technical course credits to be accepted.

B. Students will complete the requirements for the Health Sciences major and any other general education or free elective requirements that remain unsatisfied.

C. Students must meet all Board of Regents policies and university graduation requirements in order to receive a degree.

VI. Additional requirements

Students transferring coursework from Sanford must have a cumulative GPA of 2.0 on a 4.0 scale.

VII. Obligations

Both parties agree to confer with each other on a yearly basis regarding changes in curricula involved in this articulation agreement.

Updated 2020
VIII. Modification

This agreement may be modified from time to time by the South Dakota Board of Regents and Sanford, but only in a writing signed by both parties.

IX. Termination

This Agreement depends upon the continued availability of appropriated funds and expenditure authority from the Legislature for this purpose. If for any reason the Legislature fails to appropriate or grant expenditure authority or funds become unavailable by operation of law or federal funds reductions, this Agreement will be terminated by USD. Termination for any of these reasons is not a default by USD nor does it give rise to a claim against USD. Student(s) enrolled in good standing in the program at that time shall be allowed to complete the program.

X. Effective Date of Agreement:

This Agreement is effective July 1, 2020 and shall continue for a term of one year. Unless earlier terminated as set forth herein, this Agreement will automatically renew for successive terms of one year each.
XI. Signatures

For the University of South Dakota:

[Signature]
Date: 8/6/2020

Dr. Haifa AbouSamra
Dean, School of Health Sciences
University of South Dakota

Sheila K. Gestring
President
University of South Dakota

For Sanford Medical Center dba Sanford School of Radiologic Technology:
