SPRING 2020
Welcome to OLLI!

OLLI at the University of South Dakota is an engaged, active, growing community of lifelong learners. We learn for the love of it. We don’t have grades, we don’t have tests, we don’t require attendance – we just have fun!

We are part of a network of 124 Osher Lifelong Learning Institute programs nationwide, supported by the Bernard Osher Foundation. In South Dakota we have over 1,000 members who enjoy classes taught by college professors, peer enthusiasts and experts in their fields.

Once you join us as a member, you can choose from 150+ classes each semester (Fall and Spring) and enjoy topics like local government, travel, history, current events, art, literature, films, health, science, technology and much more.

If you’re not a member already, join us! Welcome to the greatest group of lifelong learners in the nation.

Thea Miller Ryan, Director of OLLI in South Dakota.

M | Apr 6 | 3:30 PM to 5 PM | Dow Rummel, Gathering Hall
Gray Tappan has devoted most of his career, spanning over three decades, to mapping and monitoring the changing landscapes and natural resources in the 16 countries that make up West Africa. Using re-photography and other tools, he began documenting landscape changes 35 years ago at hundreds of field sites, interviewed farmers and herders, and tapped into 50 years of satellite imagery to produce definitive time-series maps that characterize the complex changes in West Africa’s landscapes. Through images and maps, he and his team have provided a visual picture of changing land use patterns, helped highlight problems of land degradation, as well as major successes in land management that have led to regreening of semi-arid lands in the West African Sahel. Join us as Gray takes us on a rich visual journey through time and space in West Africa. Limit: 35

Our OLLI Community is made up of a great diversity of people and opinions. We respectfully request you read through our OLLI Code of Etiquette:

- I will engage in civil discourse. To better understand everyone’s opinion and experiences, I will listen and not label people based on their ideas.
- I am free to enroll in as many OLLI classes as I wish each semester, but I will limit my enrollment to those classes that I can reasonably attend, so there is opportunity for other OLLI members to enroll in a fair share of classes as well.
- If I enroll in a class and later determine, for whatever reason, that I cannot attend, I will immediately disenroll to free up space for others, including those who may be on the WAIT LIST.
- I will make every effort to arrive for each class in a timely manner and to remain if at all possible until the class is dismissed.
- If I must arrive late or leave early, I will make every effort to be as unobtrusive as possible.
- If a class break is provided, I will honor the time limit and be back in my seat before the scheduled resumption of the class.
- I will sign the attendance sheet for each class I attend.
- I will silence my cell phone before each class begins to avoid disruption of the class session. If I must take or make a call during the class session, I will leave the classroom and attend to this in such a way as to not distract other class members.
- If the instructor or class leader encourages questions or class input, I will be conscious of the suggested methodology, the class size and the desire of other class members to participate, so my participation does not unnecessarily preclude the participation of others.
- I will complete the annual term evaluation form and other surveys made available from time to time in order to help OLLI be an organization of continuous quality improvement.
- If my financial circumstances permit, I will make annual gift to the OLLI Boosters Club. This allows OLLI to keep the semester and annual tuition rates as low as possible, which helps OLLI be available to all community members regardless of their financial condition.
- I will immediately notify the OLLI Office of any change in my mailing address, e-mail address, and telephone contacts, or any circumstances that make it impossible for me to continue my participation in OLLI.
- I will bring guests with me to OLLI offerings when permitted and as I am able and I will encourage other to become members of the OLLI family.
