Welcome to the University of South Dakota. Thank you for reviewing the USD Annual Fire Safety & Security Report. This report contains campus crime statistics and critical campus safety information such as policies, crime prevention, crime reporting and resources to aid you in becoming more safety-minded. The University of South Dakota strives to be a safe place to learn, live, work and grow.

The University of South Dakota Police Department is responsible for enforcing federal, state and city law as well as university regulations. The University Police Department provides law enforcement services on USD property, including parking lots and roads.

University Police Department officers work to ensure campus safety, every day, all day while working cooperatively with the Vermillion Police Department and other law enforcement agencies. They rely heavily on the university community to report any suspicious activity, crimes being committed, and crimes in progress that occur on the USD Campus. To make these reports, please call the University Police Department at 605-658-6199 or 9-911 for emergencies from an on-campus phone or 911 from cell phones.

Police Enforcement on Campus

University Police officers have police authority to apprehend and arrest individuals involved in illegal acts on campus and areas adjacent to the campus. University Police Department officers attend the South Dakota Law Enforcement Training Academy in Pierre, South Dakota. They are sworn in as City of Vermillion Deputy Police Officers, operating under a Joint Law Enforcement Agreement with the Vermillion Police Department.

University Police officers provide 24-hour services and work closely with local, state, and federal police agencies and have direct radio communication with the Vermillion Police Department, Clay County Sheriff’s Office, South Dakota Highway Patrol, fire, ambulance and other emergency agencies.

Any university owned or leased property in outlying areas is patrolled either by the University Police Department, the Vermillion Police Department, the Clay County Sheriff’s Office, or the South Dakota Highway Patrol.

In coordination with local law enforcement agencies, student and student organizations, off-campus criminal activity is monitored and recorded. This information is provided to the vice president and dean of students for any action or follow-up that may be required.

In instances where policy infractions may violate the Student Code of Conduct, the University Police Department will refer the incident directly to the USD Office of Student Rights and Responsibilities for a campus conduct response.
Law Enforcement in Vermillion
More than 40 law enforcement officers are employed in Clay County.

The University Police Department is composed of 13 police officers and three security officers, supported by student ticket-writers and event staff.

UPD Officers, VPD Officers, Clay County Deputies, GFP (Game, Fish and Parks) and the South Dakota Highway Patrol conduct annual training in areas such as: active shooter response, firearms deployment, emergency vehicle operations, tactical combat, domestic violence, and numerous other crime prevention training programs.

USD Safe App
Campus community members are encouraged to download USD Safe, the University of South Dakota’s campus safety app from the Google and/or Apple stores. USD Safe features emergency contacts through a mobile blue light feature, virtual walk-along services, and campus emergency plans. Further information about this safety app is available at www.usd.edu/student-life/usd-safe-app.

How to Report a Crime or Suspicious Activity

Whether you are a victim of or witness to a crime, you have the responsibility to promptly and accurately report suspicious activity. If a crime occurs on or around the USD campus, report it immediately to the University Police Department. The University Police Department has primary jurisdiction over the campus. Crimes occurring off-campus should be reported to the Vermillion Police Department; the University Police Department personnel can assist you in this process.

Emergency Procedures
Crimes in progress and crimes that have occurred should be reported by dialing 9-911 on the USD campus or 911 when off campus or from a cell phone. Community members are encouraged to download USD Safe, the university’s campus safety app as it allows individuals to connect and share information with campus police. When victims or witnesses call to report a crime/incident, the following information is helpful for investigation:

• A brief description of what occurred
• Where and when the incident occurred
• Any injuries sustained during the incident
• Whether or not a weapon was used or visible
• When and where the suspect(s) was last seen
• A physical description of the suspect(s)

Non-emergency Procedures
For non-emergency assistance, please call the University Police Department at 605-658-6199. The University Police Department is located in the Davidson Building on the first floor. While individuals are encouraged to report crimes to the police, individuals may seek support and assistance with reporting from other individuals or campus offices. The Clery Act defines Campus Security Authorities (CSAs) as:

• A campus police department or a campus security department of an institution.
• Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
• An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.

You are welcome to contact USD CSAs including the Office of the Vice President and Dean of Students, Human Resources, Student Counseling Center and Student Health, among other university staff members prepared to provide such guidance for reporting crimes on or near campus.

Confidential Reporting of a Crime

Victims of or witnesses to a crime may file a silent witness form that includes the details of the incident without revealing their identity. The purpose of a confidential report is to comply with the reporter’s wish to keep the matter confidential, while taking steps to help ensure their safety and the safety of others. To access the silent witness form, visit www.usd.edu/administration/university-police/report-a-crime. With such information, USD can keep accurate records of the number of incidents involving students, determine if a pattern of crime exists with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed without identifying information in the annual crime statistics for USD.
Crime Prevention Programs

During fall orientation students are introduced to services offered by the University Police Department. Further, presentations are made addressing topics such as maintaining personal safety and residence hall security. Students and employees are informed immediately of crimes on campus and in close proximity when they are a threat to the university community through the university emergency notification system. Educational programs concerning personal safety, crime prevention, which includes bystander training, and the prevention of sexual assault (both acquaintance and stranger rape) are offered by a variety of groups and individuals on campus each year, including the University Police Department, the Office of the Vice President and Dean of Students and the Title IX Coordinator. Faculty, staff and students also complete an online sexual assault prevention and bystander training.

USD Building Security and Access

The University Police Department monitors safety and security cameras in public areas of buildings, building exteriors, and parking lots across campus. The surveillance of public areas is intended to deter crime and assist in protecting the safety and property of the USD community. During business hours, USD campus, excluding residence halls, will be open to students, parents, employees, contractors, guests, and invitees. Non-business hour access to all USD facilities is by key, or electronic card access, if issued, or by admittance via the University Police Department or USD housing staff. In the case of periods of extended closing, the University Police Department will admit only those with prior written approval to certain facilities. Residence halls are secured by University Housing staff. Over extended breaks, the doors of all halls will be secured around the clock, and card readers will be deactivated for unauthorized individuals. Some campus facilities may have individual hours, which may vary at different times of the year. In these cases, the facilities will be secured according to schedules compiled by the University Police Department.

Annual Safety Audit

Annually, the University Police Department and members of the USD Student Government Association conduct nighttime walk-throughs of the USD campus in order to identify areas in need of security enhancement. Contact Student Government Association for more information at sga@usd.edu.

Criminal Activity Off-Campus

The Office of the Vice President and Dean of Students maintains contact with recognized fraternity and sorority organizations through the efforts of the Director of Sorority and Fraternity Life. The University Police Department does not provide law enforcement service to off-campus residences, including those of recognized student organizations (chapter houses). Criminal activity at recognized fraternity and sorority residences is monitored and recorded by the Vermillion Police Department. The University Police Department maintains a close working relationship with the Vermillion Police Department. If violations of federal, state or local laws surface off campus, the Vermillion Police Department may request the assistance of the University Police Department personnel.

Preparation of the Annual Security Report

This university report complies with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. An electronic version of this report can be located on our website at www.usd.edu/administration/university-police. You may also connect to our site via the University of South Dakota homepage at www.usd.edu.

This report is prepared in cooperation with the University Police Department, the Office of the Vice President and Dean of Students, the Office of Student Rights and Responsibilities, local law enforcement agencies and campus security authorities. A campus security authority is recognized, under federal policy, as an individual responsible for appropriately communicating potential Clery incidents. At USD, individuals with responsibility for campus security who are not directly affiliated with the University Police Department include officials with significant knowledge and/or oversight of student events and activities, and campus life. These include but are not limited to officials in Student Services such as housing, programming and conduct. When acting in a pastoral or professional counselor capacity, the official may not be considered a campus security authority.

Campus crime, arrest and referral statistics include those reported to University Police Department officers, designated campus officials and other local law enforcement agencies. Annual notification is made via email to all enrolled students, faculty and staff. It provides the website address from which to access this report. A paper or electronic copy may be obtained at University Police Department, located in the Davidson Building, or by request at 605-658-6199 and universitypolice@usd.edu.

## About the Numbers:

Crime statistics in this table are compiled by USD Police Department and other campus security authorities. Statistics include those gathered from local law enforcement agencies such as the Vermillion Police Department and Clay County Sheriff’s Office.

The Uniform Crime Report (UCR) is a system used to collect and report criminal justice data in the United States. The UCR is a national, voluntary program that aggregates local, state, and federal crime data to provide a comprehensive picture of crime in the United States. The data is collected by the Federal Bureau of Investigation (FBI) and published in the Uniform Crime Reports (UCR) annual publication.

The Jeanne Clery Disclosure Act requires institutions of higher education with on-campus housing to disclose crime statistics for the institution and its campus. The statistics are reported in this table, which includes data from 2016 to 2018.

You can obtain a copy of this report by contacting the University Police Department or by accessing the following website: www.usd.edu/administration/university-police.

Crime Log

For daily log information regarding criminal activity on campus, please visit the University Police Department in the Davidson Building. The Vermillion Police Department's daily log can be accessed online at www.vermillionpd.org.
II. Emergency Notifications and Timely Warnings

Emergency Notification

The University of South Dakota policies guide emergency response and evacuation procedures, including use of the university’s emergency notification system. The Campus Alert system is an emergency notification tool for the public universities governed by the South Dakota Board of Regents. The system notifies students, staff and faculty of any emergencies that occur on or near campus locations. Emergencies may include, but are not limited to, weather alerts, school closings, fire and criminal activity.

Students are automatically entered into this system through their USD-assigned email address.

- An email is sent to a USD email account with information about how to register for the alert system.
- During registration, users may opt to register personal telephone numbers, personal email addresses or other personal electronic devices to receive these Campus Alerts.
- Assign priorities to each of the above; the priority one device will be notified first, followed by the second, and so on.
- Once the alert is acknowledged, additional devices will not be notified.

Timely Warnings

In the event that a situation arises, either on or off campus, that constitutes a threat to members of the campus community, a “timely warning” will be issued. The warning will be issued through the USD Campus Alert system, which includes notification through email, text message and telephone. Students and employees are encouraged to register contact preferences through the USD Campus Alert system by visiting www.usd.edu/emergency. Notice may also be sent through alternate or additional methods of communication and will be posted on the USD homepage at www.usd.edu.

South Dakota Board of Regents Policy 7:3 and USD Policy 7.001 require the vice president and dean of students, or his/her designee, to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus, unless issuing a notification will compromise efforts to mitigate the emergency. Emergency messages will include information on what has occurred and instructions on what to do next. The USD Campus Alert system is tested on an annual basis and documentation of the test, description of the exercise, the date, time and whether announced or unannounced is kept in the Office of the Vice President and Dean of Students.

In the event of a major emergency, this site (www.usd.edu/emergency) will become the university’s homepage and will be updated with information about the nature of the emergency and further emergency procedures.
1. Reporting a Student as Missing
   A. Under South Dakota Board of Regents Policy 3:21 any person may report a university student as missing by filing a report with the vice president and dean of students or at the University Police Department. It is not necessary to wait until the student has been missing for 24 hours before making a report.
   B. For purposes of this policy, a student is missing when the student’s whereabouts are unknown and unexplained for a period of time that would be regarded as highly unusual or suspicious by persons familiar with the student’s plans, habits or routines.

2. Institutional Response
   A. Upon receipt of a missing student report, the campus police personnel will promptly attempt to locate the student on campus or at other sites controlled by the university.
      1) Initial efforts to contact students will involve telephone or other electronic communications.
      2) If unable to contact the students by electronic means, university personnel will attempt to contact the student in their residence hall on campus or in the municipal limits of the city where the university is located.
      3) If students who reside in university controlled residences do not respond to electronic contacts or to knocking on their doors, student affairs personnel may enter the students’ rooms in order to assess the condition of the room and to look for visible personal property (wallet, keys, cell phone or clothing) that might provide clues as to whether the student has taken an extended trip or other planned absence from the residence hall. If the initial investigation is being undertaken by the University Police Department, they will either request that student affairs personnel enter student rooms or they will obtain search warrants.
      4) University personnel may pursue such additional or other investigative activities as are reasonable under the circumstances.
   B. If the university determines that the student has been missing for a period of 24 hours, or if it cannot locate the student and it determines that the student appears to be missing as per § 1(B), the university will immediately notify local law enforcement agencies that the student is missing.
   C. When the university notifies local law enforcement agencies, it will also notify such persons as the student may have designated pursuant to § 4(A), below, that the student is missing.

IV. Sexual Assault and Harassment Policy and Procedures

South Dakota Board of Regents Policy 1:17, Harassment including Sexual Harassment and South Dakota Board of Regents Policy 1:17.1, Prevention of Sexual Assault, Domestic Violence, and Stalking prohibits sexually violent acts, termed "Sexual Misconduct" by the University of South Dakota, which can be crimes as well. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, interpersonal relationship violence, sex/gender-based stalking and sexual harassment. While the University of South Dakota utilizes different standards and definitions than the South Dakota Code, sexual misconduct often overlaps with crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence. In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence occurring among its students, The University of South Dakota utilizes a range of campaigns, strategies and initiatives to provide awareness, educational, risk reduction and prevention programming.

It is the policy of the University of South Dakota to offer programming to prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults), and stalking each year. Educational programs are offered to raise awareness for all incoming students and employees, and are conducted during new student and new employee orientation and throughout students tenure at the university. These programs and others offered throughout the year include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management and bystander intervention), and discuss institutional policies on sexual misconduct as well as the South Dakota definitions of domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity. Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions.

Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals, how to avoid potential attacks and do so without victim-blaming approaches. Throughout the year, ongoing awareness and prevention campaigns are directed to students and employees, including faculty, often taking the form of campaigns, emails, guest speakers, and events such as a mandatory online training.

In the event that sexual misconduct, gender-based violence, or the crimes of sexual assault, stalking, dating violence or domestic violence do occur, the University of South Dakota takes the matter very seriously. The university employs interim protection measures such as interim suspension and/or no contact orders in any case where a student's behavior represents a risk of violence, threat, pattern, or predation. If a student is accused of sexual misconduct, other gender-based violence or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, s/he is subject to action in accordance with South Dakota Board of Regents policies. To report incidents please contact the following:

**University Police Department**  605-658-6199 (Emergency 9-911 on campus)

**Vermillion Police Department**  605-677-7070 (Emergency 911 off campus)

The following departments may be contacted for assistance with reporting:

**Student Counseling Center**  605-658-3580

**Student Health**  605-677-3700

**Vice President/Dean of Students Office**  605-658-3555

**Title IX Coordinator**  605-658-3665

Employees with knowledge about sexual misconduct or gender-based violence or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence must report it immediately. Under South Dakota Codified Law §22-11-12, “Any person who, having knowledge, which is not privileged, of the commission of a felony, conceals the felony, or does not immediately disclose the felony, including the name of the perpetrator, if known, and all the other relevant known facts, to the proper authorities, is guilty of misprision of a felony.” Faculty and staff members (with the exception of Counselors at the Student Counseling Center) are responsible employees and must disclose their knowledge of any felonious activity, including but not limited to sexual misconduct.

If you are the victim of sexual misconduct, gender-based violence or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Go to a safe place and contact the University Police Department at 605-658-6199 if you are on campus, or call 911 if you are off campus.

2. Consider securing immediate professional support (e.g.: counseling, victim advocacy, medical services, etc.) to assist you in the crisis.

3. If you are on campus during regular business hours, you may go to Student Counseling Center 605-658-3580 as well as to the Office of the Vice President and Dean of Students, 605-658-3555 for support and guidance.
For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is important in the case of rape or sexual assault. The hospital will arrange for a specific medical examination at no charge. To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable. Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaundered clothing and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean sheet, to avoid contamination. If you have physical injuries, photograph or have them photographed, with a date stamp on the photo. Record the names of any witnesses, and their contact information. This information may be helpful to the proof of a crime, to obtain an order of protection or to offer proof of a campus policy violation. Try to memorize details (physical description, names, license plate number, car description), or even better, write notes to remind you of details, if you have time and the ability to do so. If you obtain external orders of protection (e.g. protection orders, injunctions, protection from abuse), please notify the University Police Department 605-658-6199 or the campus Title IX coordinator so that those orders can be observed on campus.

5. Even after the immediate crisis has passed, consider seeking support from the Student Counseling Center 658-3580 and/or off-campus services such as River City Domestic Violence Center (605-665-1448) or Domestic Violence Safe Options Services (605-624-5331).

6. Contact a law enforcement agency if you need assistance with University of South Dakota concerns, such as no-contact orders or other protective measures. The law enforcement agency will also assist in any needed advocacy for students who wish to obtain protective or restraining orders from local authorities. The University is able to offer reasonable academic accommodations, changes to living arrangements, transportation accommodations, escorts, no contact orders, counseling services access and other supports and resources as needed by a victim.

Legal Definitions

Rape is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. It may also include situations where the victim is incapable of giving consent due to incapacitation by means of disability or alcohol or other drugs. Many rapes are committed by someone the victim knows, such as a date or friend.

In South Dakota, sexual consent will not be found where an act has been done through the use of force, coercion, or threats of immediate and great bodily harm. Submission does not equal consent, and to establish consent, a party charged must utterly negate any element of force, coercion, or threat. Consent, once given, may be withdrawn.

Under South Dakota law, rape is an act of sexual penetration accomplished with any person under any of the following circumstances:

1. If the victim is less than 13 years of age; or
2. Through the use of force, coercion or threats of immediate and great bodily harm against the victim or other persons within the victim's presence, accompanied by apparent power of execution; or
3. If the victim is incapable, because of physical or mental incapacity, of giving consent to such act; or
4. If the victim is incapable of giving consent because of any intoxicating, narcotic, or anesthetic agent or hypnosis; or
5. If the victim is 13 years of age, but less than 16 years of age, and the perpetrator is at least three years older than the victim.

Other Sexual Offenses

Besides rape, other sexual offenses include the following: sodomy (forced anal intercourse); oral copulation (forced oral-genital contact); rape by a foreign object (forced penetration by a foreign object, including a finger); and sexual battery (the unwanted touching of an intimate part of another person for the purpose of sexual arousal).

Sexual Harassment

Sexual harassment is a form of misconduct that undermines the integrity of the academic environment. It is the policy of the University of South Dakota that sexual harassment is prohibited. All members of the University of South Dakota community, especially officers, faculty and other individuals who exercise supervisory authority, have an obligation to promote an environment that is free of sexual harassment.

South Dakota Board of Regents Policy 1:17, Harassment including Sexual Harassment

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in education programs or activities operated by recipients of federal financial assistance. Sexual harassment of students, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX.

Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual violence is a form of sexual harassment prohibited by Title IX. Any complaints or inquiries regarding sexual harassment of a student by administration, faculty member or staff member should be brought to the immediate attention of officials.
To report violations of human rights, acts of discrimination/ harassment, sexual harassment, sexual violence, stalking and other forms of sexual misconduct, please contact:
Khara Iverson, Director of Equal Opportunity and Title IX Coordinator
Slagle Hall, Room 205
605-658-3665

The University of South Dakota will investigate such claims promptly and thoroughly. If, for any reason, a student wishes to complain or inquire further about sexual harassment, but feels it would not be appropriate to raise such issues with the director of equal opportunity and Title IX coordinator, the student may seek assistance from any campus security authority. If harassment is established through an investigation, the University of South Dakota will take disciplinary action. Disciplinary action for violations of this policy can range from verbal or written warnings, up to and including immediate termination from employment or dismissal from the University of South Dakota for serious or repeated violations.

Campus Procedures for Addressing Sexual Misconduct, Dating Violence, Domestic Violence, Stalking, Sexual Harassment and other acts of sex and gender discrimination.

Procedurally, when the University of South Dakota receives a report of sexual misconduct, gender-based violence, or other sex or gender discrimination the campus Title IX coordinator is notified. If the victim wishes to access local community agencies and/or law enforcement for support, the University of South Dakota will assist the victim in making these contacts. The Title IX coordinator in concert with the appropriate senior institutional official will offer assistance to victims in the form of interim or long-terms measures such as opportunities for academic accommodations, changes in housing for the victim or the responding student, visa and immigration assistance, changes in working situations and other assistance as may be appropriate and available on campus or in the community (such as no contact orders issued through law enforcement agencies, campus escorts, transportation assistance, targeted interventions, etc.). If the victim so desires, he or she will be connected with a counselor on- or off-campus, as well as an off-campus victim’s advocate, health services and legal assistance. No victim is required to take advantage of these services and resources, but the University of South Dakota provides them in the hopes of offering help and support without condition or qualification. A summary of rights, options, supports and procedures, in the form of this document, is provided to all victims whether they are a student, employee, guest or visitor. A comparable document is also provided to responding parties so they are likewise advised of the process.

When appropriate upon receipt of notice, the Title IX coordinator will initiate a prompt, fair and impartial process commencing with an investigation which may lead to the imposition of sanctions, based upon a preponderance of evidence (what is more likely than not), upon a responding student or other accused individual. Procedures detailing the reporting, timeline and processes for the ensuing investigation, decision making and resolution processes of the University of South Dakota can be found in SDBOR Policy 1:18. Per SDBOR Policy 1:18, investigations are typically completed within a timely manner. The coordinator is ultimately responsible to assure in all cases that the behavior is brought to an end, the University of South Dakota acts to reasonably prevent its recurrence, and the effects on the victim and the community are remedied. The coordinator is also responsible to assure that training is conducted annually for all advocates, investigators, hearing officers, panelists and appeals officers that encompasses a hearing process that protects the safety of victims and promotes accountability. Training will focus on sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment, retaliation and other behaviors that can be forms of sex or gender discrimination covered by Title IX and the Clery Act. Training will help those decision-makers in the process to protect the safety of victims and to promote accountability for those who commit offenses.

The investigation and records of the resolution conducted by the University of South Dakota are maintained confidentially. Information is shared internally between administrators who need to know, but a tight circle is kept. Where information must be shared to permit the investigation to move forward, the person bringing the accusation will be informed. Privacy of the records specific to the investigation are maintained in accordance with South Dakota law and the federal FERPA statute. Any public release of information to comply with the open crime logs or timely warning provisions of the Clery Act will not release the names of victims or information that could easily lead to a victim’s identification. Additionally, the University of South Dakota maintains privacy in relation to any accommodations or protective measures afforded to a victim, except to the extent necessary to provide the accommodations and/or protective measures.

In any complaint of sexual misconduct, sexual assault, stalking, dating violence, domestic violence or other sex or gender-based discrimination covered under the federal law, Title IX, the person bringing the accusation and the responding party are entitled to the same opportunities for a support person or advisor of their choice throughout the process, including any meeting, conference, hearing or other procedural action. Once complete, the parties will be informed simultaneously, in writing, of the outcome, including the finding, the sanctions (if any) and the rationale therefor. For offenses including sexual misconduct or other gender based violence, which typically include the crimes of domestic violence, dating violence, sexual harassment, sexual misconduct and stalking, sanctions range from warnings through expulsion. Possible sanctions under SDBOR Policy 3:4 (Student Code of Conduct) include warning, probation, loss
Registered Sex Offenders

In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the University of South Dakota provides a link to the South Dakota State Sex Offender Registry on the University Police Department webpage: .http://www.usd.edu/administration/university-police/crime-statistics. All sex offenders are required to register in the state of South Dakota and to provide notice of each institution of higher education in South Dakota at which the person is employed, carries a vocation or is a student. The South Dakota State Sex Offender Registry is found at the following address https://sor.sd.gov.

Registered sex offenders can be identified by contacting the local law enforcement officials in our host municipality. If you would like information regarding registered sex offenders who are actively enrolled or employed at the University of South Dakota, contact the Clay County Sheriff’s Office at 605-677-7100. They will advise you regarding the information you may obtain and their guidelines for obtaining the information or the information can be accessed at www.claysheriff.org/sex_offenders.html.

Not all sex offenders who may be attending or employed at the University of South Dakota reside in Vermillion or Clay County. Be sure to indicate to the local law enforcement agency you contact that you are either a current or prospective student or employee at the University of South Dakota and that you want to review the listing for this institution. The law enforcement personnel will respond by directing you to the correct information.

V. Alcohol and Drug Policy

In compliance with the Drug-Free Schools and Communities Act Amendments of 1989, the South Dakota Board of Regents strictly prohibits the unlawful possession, use or distribution of alcohol, marijuana or controlled substances by its students or employees while on property controlled by the board or while participating in any capacity in activities or employments sponsored by it. Therefore, the USD campus has been designated “alcohol and drug free” and only under certain circumstances is the consumption of alcohol permitted.

The manufacture, sale, possession or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the University Police Department. Violators are subject to disciplinary action within the university (https://www.sdbor.edu/policy/documents/3-4.pdf) and/or criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of USD policy for anyone to consume or possess alcohol in any public or private area of campus without prior university approval. Organizations or groups found in violation of alcohol and other substance policies or state or federal laws may be subject to sanctions by the university. Drug and alcohol abuse programming is offered through Student Services, University Housing and the Student Counseling Center.

Vermillion Fire Department

The Vermillion Volunteer Fire Department provides services to Vermillion, the University of South Dakota, and area residents for the protection of life and property from fire and natural disasters. They maintain a standard of training which encompasses both a prompt response to emergencies and the safety of citizens. Volunteer firefighters promote community safety through public education and fire safety programs.

Fire Safety System

The University of South Dakota residence halls are protected by fire alarm and smoke detection systems which are monitored 24 hours a day, seven days a week by the University Police Department.

Fire Safety Training

Fire safety is a shared campus concern. Students are made aware of the location of fire safety equipment. Fire evacuation plans and instruction are posted in the residence halls (posted in each residential unit) and copies may be obtained through University Housing.

Residence hall staff is trained to respond to both fire and medical emergencies. Training incorporates hands-on practical
use of fire extinguishers with live fire exercises under the direction of the Vermillion Fire Chief.

Fire drills are also conducted to ensure students understand emergency building evacuation procedures. Students must evacuate the building whenever an alarm sounds. If it is safe to do so, staff may enter rooms to ensure residents have evacuated the building. Students who ignore evacuation instruction may be subject to conduct proceedings.

Tampering with emergency equipment such as fire extinguishers, fire alarms, or emergency exit signs is prohibited by state law and the University Code of Conduct.

**Fire Safety at the University of South Dakota**

The majority of campus Community Living Policy addresses matters of health and safety. Accordingly, several pertain to fire safety and the hazards frequently associated with fires.

**Exemption from Policy:** Any student who wishes to burn a substance for religious purposes must complete and submit a request for exemption from residence hall policy. This form can be obtained at the University Housing office. The student must meet with the director of University Housing and an appropriate religious advisor before burning any substance. Upon completion of the meetings, the advisor will make a recommendation on whether the request should be approved or denied.

**Safety Inspections**

The university may routinely inspect rooms to insure that the preceding safety standards are being followed. Generally, 24 hours notice will be given prior to inspections. Residence hall rooms will be inspected during all closing times (Thanksgiving, semester break and spring break) and as needed for building monitoring during breaks.

**Smoke Free Environment**

At USD, smoking and vaping are not allowed in any building or on campus property.

---

**Fire Logs**

Fire logs are chronological lists of fires occurring in USD residence halls during a calendar year.

The logs list the date, time, incident number, general location, nature of incident, cause, number of deaths, number of injuries requiring treatment, and dollar loss.

---

**Definitions**

**Fire:** Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**Cause of Fire:** The factor or factors that give rise to a fire. The causal factors may be but are not limited to the result of intentional or unintentional action, mechanical failure or act of nature.

**Fire Related Injury:** Any instance in which a person is injured as a result of a fire, including any injury sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from dangers of the fire. The term “person” may include students, employees, visitors, firefighters, or any other individuals.

**Fire Related Death:** Any instance in which a person is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue or escaping from dangers of fire, when death occurs within one year of injuries sustained as a result of the fire.
